

Drops Three Flights

(NEA Telephoto)
Monty Hagle, 21 months, Cincinnati, Ohio, fell from his crib—dropped three floors to concrete steps, bounced off a porch roof on his way down—but came out of his aerial flight with relatively minor injuries. He sustained a possible collar bone fracture and body bruises. After the baby was brought into the house it was 20 minutes before anyone thought to seek medical attention because the child showed no signs of injuries other than bruises.

The Duke of Windsor Is a Happy Man

By Hal Boyle
NEW YORK—(P)—“To be as happily married as I am—I call that a good life,” said the Duke of Windsor.

He had just finished watching a film screening of his first television appearance.

I had been invited to see the screening in the offices of “March of Time.” Before going, on the off-chance that the Duke himself might show up. I went around my own office and a number of men and women: “What is the thing you’d like to know today about the Duke of Windsor?”

It turned out that most wanted to know these things: Is he happy? Does he have any regrets over giving up his throne?

Shortly before the hour of screening the Duke did show up—wearing an ageless smile, a jaunty

red polka dot bow tie, and a gray striped flannel suit. The years have touched him lightly. He will be 56 next month, but he still has an air of timeless youth.

He said he was sorry the Duchess couldn’t come.

During the showing of the film

Scottish Rite Club Elects 1950 Officers

The following officers were elected to office at the regular monthly meeting of the Scottish Rite club meeting held in the Ambassador room of the Bothwell hotel Tuesday night: President, W. Matthews; Vice President, Lee Thomas; Secretary, E. Kettleson; Chaplain, A. Messenger; Outer Guard, A. Scott; Publicity, Dr. F. O. Murphy.

These officers will be in office until January 1, 1951.

stable of horses and rarely rides. But he has kept in excellent shape by golfing.

“Outdoor life is my greatest pleasure,” he said. “I enjoy the country—and my bad golf. I shot an 85 recently. My golf is a little better than it was in the 1920’s.”

“But I’m always pleased to break 80”—and he grinned as he

added—“that goes for a lot of people.”

His other hobbies are hunting and reading—chiefly history.

Many people in today’s world of doubt live by secret fears. I asked the Duke what he was afraid of. He thought the question odd.

“This morning I was most afraid of my dentist, but he’s a wonderful dentist—didn’t hurt at all,” he said. “Really, I’m not scared of anything.”

How does he feel about life? “To be happily married as I am—I call that a good life,” said the Duke.

And, smiling pleasantly, he left to go back to his hotel to join the women for whose love he gave up the rulership on one-fourth the globe and one-fourth the world’s population.

Thirteen years after his abdication this duke who was once a prince is still quite a man—and a prince of a guy to meet.

Hospitals Become Home

PARRIS ISLAND, S. C.—(P)—To Marine Sergeant William E. Sechrest, Naval Hospitals have become as much like home as his barracks life. He has already spent three of the past eight years recuperating from seven automobile accidents in which he has been involved, and from wounds received during the Guadalcanal campaign of 1942.

An expert midget car racer on the Midwest circuit prior to his entry into the Corps, Sergeant Sechrest is presently recovering in the Naval Hospital, Beaufort, S. C., from a broken back sustained in an auto accident last December. Incidentally, the sergeant wasn’t

driving at the time of any of the seven car accidents.

If we only had a 10-year ARM!

Now and then we think: “Ah, if we only had a 10-year Arm to reach back 10 years into our past—and do so many things differently!”

We think of the changes we would make. And the one thing that comes to mind most frequently is this: we’d have most certainly enrolled in that wonderful Payroll Savings Plan in 1940! Yes . . .

If we’d only had the wisdom to do that one thing, we’d have had a very pretty little nest egg today.

Here it is in a nutshell:
You know how the years fly by as you grow older. You don’t want another 10 years to pass and find yourself saying: “My, if

only I’d started that Payroll Savings Plan 10 years ago!”

THE PAYROLL Savings Plan is an easy, automatic method of saving that is both painless and sure.

This plan sets aside a small part of your earnings each payday, and invests it in U. S. Savings Bonds. In ten short years they pay you back \$4 for every \$3 you put in today!

This is a self-fattening investment—guaranteed by Uncle Sam—that will let you do things for your family and for yourself that you could never do without such a plan!

Start in on this wonderful, automatic plan today!

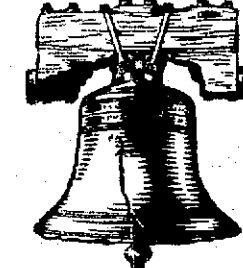

Save for your financial independence—Buy U.S. Savings Bonds

B-J Chiefs Tallied Win Over Lions

Ralph Waters Was Leading Hitter, Getting 4 Out of 5

The Sedalia Ben Johnson Chiefs got revenge on the B-J Moberly Lions in a home game, Wednesday night at Liberty Park, when the Sedalia boys defeated the Lions 10 to 7 before a fair sized crowd. The record for the Sedalia team, as far as league games are concerned, stands at three victories against one defeat, that being to Jeff City, Tuesday night.

Joe Imhauser, who previously pitched the other two victories, both of them being shutouts, was on the hill again last night, at which time he struck out nine batters and walked five players. Iverson was on the mound for Moberly, and his record for the night coincided with the Sedalia hurler, except for hits.

Leading Hitters

The leading hitter during the tilt was Waters by connecting with four hits out of five trips at bats for Sedalia. One of his hits was a long triple. Other top hitters for Sedalia were: Dillard with two out of four; Vilmer, two out of four, and Brown, who got a triple. Herron and Scheiner hit doubles for the Lions.

In the first inning, the lead off man for Sedalia, Ruffin, walked and then stole second. Walker followed with another walk and Dillard doubled both runs in. Waters singled and also stole second and made third on a single by Vilmer who was scored by a sacrifice by Whitworth.

Last Inning Rally

In the last inning, the score stood 10 to 2, until Moberly rallied for five more runs. On a single by Scheiner, the lead off man for the Lions, was forced out on second. Then with two more hits by Stewart and Cafer, aided by two overthrows at first by Waters, the Lions tallied four more runs.

Waters was changed from first to third in the eighth inning and Wallace came in on first to replace Brown.

Umpires for the game was Thomas and Nicholas.

Attempt to Speed up Ball Games

By Will Grimeley

NEW YORK, May 18—(AP)—Presidents of the two major leagues agreed with Hank Greenberg today that baseball games are running too long but said they knew of no official remedy.

"The reason games are so slow is that present day pitchers are wild and throw a lot of balls," said the National League's Ford Frick. "We can't legislate against that."

Will Harridge, head man of the American League, said in Chicago: "The shortening of games is mainly up to the pitchers and players themselves."

Both executives acknowledged that Greenberg's speedup program has merit and that there is definite need of a return to the "two-hour ball game."

Speedup Plan

Greenberg, general manager of the Cleveland Indians, suggested a four-point speedup plan this week in an interview with Ed McAuley of the Cleveland News.

The points were:

1. Umpires should urge players to hustle to positions between innings.

2. The pitcher should be required to wait in the "on deck" circle instead of the dugout for his time at bat.

3. Some better method, probably mechanical, should be found to

Tigers Play MMA Friday

The Smith-Cotton Tigers baseball team will journey to Mexico Friday, where they will meet the M. M. A. Colonels in a game that will determine the fight to attend the state tournament.

Either Bob Brown or Bob Ray will be on the hill for the Sedalia club. The rest of the Tiger lineup will probably be as follows:

Don Broadus on first, Bob Shawver at second, Ralph Walker at short and Bill Morgan at third. In the outfield it will be Bill Holist in left, Dale Ruffin in center and "Gabby" McCrary in right. Leon Noid or Ken Neid-hold will do the catching.

Other players making the trip will be Bill Arnold, Dave Johnson, John Cochran, "Skip" Schulz and coaches Cecil Glenn and Jim Ball.

This will be the third game for the Tigers and they will be out for a win. Previously they defeated Glennon Catholic high school of Kansas City and the Grandview high school.

The game at Mexico is called for 8:00 p. m. and the Tigers will leave from Smith-Cotton for Mexico at 9:00 a. m.

Trackmen's Top Season Records

NEW YORK, May 18—(AP)—Major track and field meets this week include the Coliseum relays Friday night at Los Angeles, Mo-desto (Calif.) relays the next night, Heptagonal games at New Haven, Big Seven at Lincoln, Neb., Southeastern Conference at Birmingham, Ala., Southern Conference at Chapel Hill, N. C., and a triangular meet involving Michigan, Wisconsin and Northwestern. Several good college performances have been turned in this spring, the best being Jim Fuchs' (Yale) shot put of 58 feet 5 1/2 inches and Dick Atlessey's (Southern California) 120-yard high hurdle mark of 13.5 seconds. Both better existing records.

The season's best marks, as compiled by the National Collegiate Athletic Bureau, include:

100-yard dash—Don Anderson, California; Charlie Peters, Indiana; Bill Felt, Oregon, and Charlie Parker, Texas, all 10.9.
220-yard dash—Paul Brown, Tulane 20.8; and Stanfield, Seton Hall, and Anderson 20.8.
440-yard dash—Tom Cox, Rice 48.9; John Veight, Oklahoma A. and M. 47.4; Charlie Moore, Cornell 47.8.
880-yard run—Bob Pruitt, Southern California 1:52; George Wade, Yale 1:52.2; Pat Bowers, Kansas, and Leo Grace, Ohio State 1:52.3.
1 Mile run—Bill McGuire, Missouri 4:10.7; Bob Karnas, Kansas 4:10.9; Don McEwen, Michigan 4:12.
Two mile run—McGuire 9:16.7; McEwen 9:19.8; Herb Semper, Kansas and Ronnie Church, Syracuse 9:22.
120-yard high hurdles—Dick Atlessey, Southern California 13.5; Bill Fleming, Notre Dame 13.9; Bill Albans, North Carolina 14.1.
220-yard low hurdles—Boh Hall, Texas A. and M. 23.0; Atlessey and Mary Cichowski, Alabama 23.1.
High jump—Bob Walters, Texas, 6 feet 5 1/2 inches; Virgil Severns and Jack Ranzetta, San Diego State, 6-7 1/2.
Broad jump—Jerome Riffin, Denver, 25 feet 7 1/2; Gay Bryan, Stanford 25-2 1/2; Herb Hoskins, Kansas State 25-2 1/2.
Pole Vault—Bob Smith, San Diego State, Bill Carroll, Oklahoma, and George Mattias, San Jose State, all 14 feet 5 inches.
Shot put—Jim Fuchs, Yale 58 feet 5 1/2 inches; Chris Chaudier, Stanford, 55-7 1/2; Stanley Lampert, New York, 1, 55-1.
Discus—Vic Frank, Yale, 176 feet 1 inch; Ducks, 171-8 1/2; Sim Iness, Southern California 169-9 1/2.
Javelin—Buz Held, Stanford, 233 feet 4 1/2 inches; George Roseine, California 229-11 1/2; Delf Pickarts, Santa Barbara, 227-4 1/2.
Hammer—Gil Borjeson, Brown, 173 feet 9 1/2 inches; Frank Reeve, Princeton 172-3 1/2; Tom Richmond, Dartmouth, 167-1 1/2.
Mile relay—Morgan State (San La Beach, John Triplett, Bob Tyler, Bill Brown) 3:12.5.

Cubs Play Noted Negro Team Tonight

Game Will Start At 8:00 p. m. at Liberty Park

The Sedalia Cubs will play their second home game of the season, when they meet the Philadelphia Stars, members of the Negro American League, under the lights of Liberty Park, starting at 8:00 o'clock tonight.

The Negro team will be one of the strongest foes for the Cubs this year. In the game tonight, Shipley, a knuckleball pitcher from Warrensburg, who pitched for the Sedalia semi-pros in 1948 and 1949, will be on the mound, with Hume behind the plate. Hume is the regular catcher, but has been out of the line-up most of this season, due to an old knee injury.

Cubs Line-Up

Cliff Barr, who has worked behind the plate during Hume's absence, will work his regular position at the hot corner. Livengood will be on first base; Artie Elwell at second; Cassing at shortstop; George Thompson in left field; Charlie Thompson in centerfield and either Waters or Elwell in right field.

The Cubs have gotten off to a poor season thus far, dropping three of their four games played. They defeated Mendon 3 to 2, and lost to J. C. Dodgers, 5-10; Haven, Big Seven at Lincoln, Neb., Southeastern Conference at Birmingham, Ala., Southern Conference at Chapel Hill, N. C., and a triangular meet involving Michigan, Wisconsin and Northwestern.

Philadelphia Stars

The Philadelphia Stars were organized in 1932 by Ed. Bolden, former manager and part owner of the nationally famous Hilldale team, and had been a member of the Negro National League for 16 years prior to their entry into the Negro American League. This is their first season in the N.A.L., and currently are recognized as one of the leading pennant contenders.

The manager, Oscar Charleston, had made many changes in his line-up this season, replacing some fading veterans with youngsters, and other changes being forced through white organized baseball buying two of the Philadelphia Stars. The loss of Frank Austin, peppy shortstop last season, to the Newark Bears of the International League, and Harry Simpson, slugging outfielder, to Wilkes-Barre of the Eastern League, has been offset by the re-instatement of Bus Clarkson who has been playing in Mexico the past 14

years, and the addition of numerous youngsters.
Pennant Race Contenders
Clarkson and Cash have been carrying the brunt of the Stars attack, but Charleston has been fortunate to field one of the youngest and fastest teams in the history of the Stars. New faces such as Jones at center field, Littles in right field, Lott in left field, Davis at first base, Smith at second base and Thompson, pitcher, have been receiving the glowing praise of experts and fans alike. With the strongest veteran mound staff of Bill Ricks, and Wilmer Harris, Charleston is confident that the Philadelphia Stars will be in the thick of the pennant race.

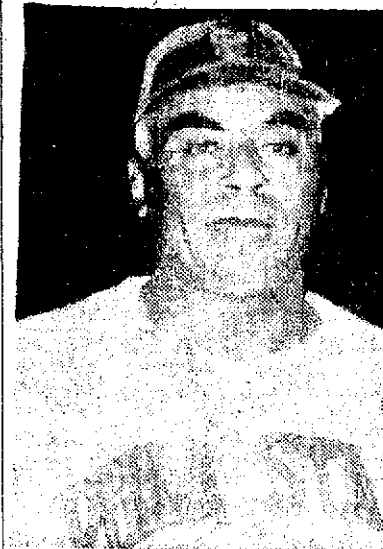

Probable Line-up

The Star's probable line-up: Ben Littles, rf; Ray Lott, lf; Charles White, 3b; Bus Clarkson, ss; Stanley Glenn or Bill Nash, c; Nat Davis, 1b; Jimmy Jones, cf; and Bill Ricks, p.

Former Golf Champion Undergoes Operation

BOSTON, May 18—(AP)—A surgical operation today on golf-don's great Bobby Jones, at the base of his skull—was expected to correct a long-standing spinal ailment caused by an accident 20 years ago.

Stars' Manager

Oscar Charleston, the Philadelphia Stars manager, who is one of the greatest Negro players of all time, Charleston, at the age of 16, broke into baseball with the 24th infantry in World War I. After leaving the service, he immediately joined the powerful ABC's of the Indianapolis Colts and through his brilliant playing with such teams as Chicago American Giants, the Lincoln Stars of New York, Hilldale, etc., became known as the hardest hitting player of his time. He is at present in his second season at the helm of Philadelphia Stars.

years, and the addition of numerous youngsters.

Big Seven Track Meet Opens Friday

By Skipper Patrick

MANHATTAN, Kas., May 18—(AP)—Huge Rollin Prather of Kansas State will be after his 9th and 10th Big Seven conference shot put and discus titles at the league's outdoor track meet in Lincoln, Neb., tomorrow and Saturday.

Prather, a 6 foot 5 inch, 220 pound senior from Eureka, Kas., has established a total of 25 records in dual, conference and AAU competition during his four years at Kansas State.

Every time the big boy steps inside the shot put circle he's trying for a new record and in most cases its his own he is shooting at. Prather's Record

Prather has won the shot put at the conference meet three years running, both indoors and out. He's been the discus champion twice. His record is 53 feet 2 7/8 inches for the shot outdoors and 52 feet 4 3/4 inches inside.

The Kansas State star's best shot mark, 53 feet 5 1/2 inches, was

Noted Missouri Grid Player Dead

COLUMBIA, Mo., May 18—(AP)—Sam Anderson, who used the little door in his father's barn loft as a target and became the best drop-kicker in the history of Missouri football, died at the Boone county hospital late yesterday of a heart ailment. He was about 75.

Anderson, a slight man with sparkling blue eyes, played half-back for Missouri more than 50 years ago—in the early 1890's—and his toe was so accurate that, even in those days when the point after touchdown was often attempted at a difficult angle, he rarely missed his aim.

Following his graduation from the university he served for a time as director of athletics at Westminster college at Fulton, and then became a farmer, acquiring large acreage near Sturgeon, in

the Big Seven-Southwest Conference dual of champions in 1948. It's a meet record.

Prather was a member of the National Collegiate Athletic Association's All-America track squad of 1947 in the discus and in the shot the following year.

Five Boy Scouts of troop 120 received first class merit badges at the first merit badge show ever held here for Boy Scouts. Herbert Reed, scoutmaster was in charge of the program held in the court house last Monday night. The meeting was opened by the singing of America by the audience and followed by a candlelighting ceremony in which Norvell Geiger gave the Scout oath after lighting three candles representing the three points of the oath. Scouts who gave the laws after lighting a candle were Paul Cram, J. David Gattermeier, Wesley Drake, Elbert Hart, Jr., Larry Thompson, Jimmy Coale, Richard Roedel, J. D. Portwood, Chas. Ehlert, Jim Markham, and J. H. Tising. Paul Dean Albin held the flag for the pledge of allegiance which completed the ceremony. L. R. Mull, a former scoutmaster of 120 was in charge of the presentation of the awards which were given to the boys by Sammy Bower, assistant scoutmaster, Dr. K. J. O'Banion, Booker Coale, and Lawrence Lademan, members of the committee and Jack Bowlin. Jerry

Shores qualified for a merit badge in music; Richard Roedel in first aid, pottery, home repairs, music; Norvell Geiger in carpentry, home repairs, pioneering, pottery; first aid, music, rocks and minerals; Paul Cram in first aid, music, pottery, safety, rocks and minerals; home repair; Larry Thompson in music, home repairs, first aid and pottery; Kent Kane, Boy Scout field executive from Eldon explained the purpose and gave the itinerary of the national jamboree to be held at Valley Forge, Pa., in June. The troop has been earning money to send the scouts with the highest awards.

 Mrs. Paul Bayliss of Rolla, was chosen regent of the Mercy Lucas

NOTICE PUBLIC AUCTION LAND SALE

By order of the City Council; the Sedalia Air Port lands in Dresden Township, Pettis County, Missouri, will be offered for sale at public auction on:

SATURDAY, MAY 27, 1950,

at 2 o'clock p.m. at the west front door of the Court House in the City of Sedalia, Missouri:

This land to be offered for sale in separate tracts, and as a whole, to be sold to the highest bid for cash.
 The City of Sedalia, Missouri, reserves the right to reject any or all bids. This land to be sold free of encumbrances, possession when title is approved and purchase price paid subject to rental leases expiring March 1, 1951. (This land is offered for sale for the same purpose and to execute Resolution No. 71, passed by the Council on the 6th day of March, 1950, and approved by the Mayor on the 7th day of March, 1950.)

By order of the City Council.
E. L. ELLSWORTH, CHAIRMAN,
 BUILDING AND GROUNDS COMMITTEE,
 CITY COUNCIL OF SEDALIA, MISSOURI.

Kemp Hieronymus—Auctioneer.

New Contract With Bell Co., For The CIO

More Than 43,000 Employees Affected In Southern States

ATLANTA, May 18 — (AP) — Southwestern Bell Telephone Co. and the CIO Communication Workers of America settled on a new contract Wednesday without a general wage increase.

Seek Rate Hikes
The company announced at the same time it will seek rate hikes in the nine southeastern states it serves to finance the new contract. The agreement, coming after more than four months of negotiations, affects more than 43,000 non-supervisor employees in Georgia, Alabama, Florida, Mississippi, Louisiana, Kentucky, North Carolina, South Carolina and Tennessee.

The agreement will become effective upon approval of top national union officials and ratification by the union membership.

The union's last public demand was a 15-cent an hour "package" wage hike, a work week of 35 hours instead of 40, a revised wage scale and reclassification of wage schedules in many towns and cities.

California Critically Shot At Carthage

CARTHAGE, Mo., May 11 — (AP) — Roger C. Payne, 28, Highland Park, Calif., was shot and critically wounded Wednesday in the accidental discharge of an automatic pistol he was carrying. This bullet missed his heart by a narrow margin.

Payne and his brother, Oscar, were staying at a tourist court while here visiting relatives. He said he had removed the clip from the weapon, but had overlooked one cartridge in the chamber. After the accident Payne was able to walk to a nearby filling station for help.

Alabama Woman Recommends HADACOL

TO FOLKS SUFFERING WITH DEFICIENCIES OF VITAMINS B1, B2, NIACIN AND IRON

Mrs. Cassady and Children

Mrs. R. E. Cassady, 406 Tennessee Avenue, East Gadsden, Alabama, has suffered for some time with loss of weight, nervousness and gas pains. After taking HADACOL, she says: "I would wholeheartedly recommend HADACOL because it has done so much for me."

Mrs. Cassady was suffering from a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains. She says, "I wouldn't take anything for the complete change HADACOL has made in my home."

Here is Mrs. Cassady's statement: "For some time, I have been underweight, nervous, had terrible headaches and gas pains all the time. I had taken all kinds of medicine. Then a friend told me she got such wonderful results from HADACOL. After two bottles, I could tell a terrific difference. I now have a fine appetite, have gained weight and best of all, have lost those gas pains and headaches. I wholeheartedly recommended HADACOL because it has done so much for me. I wouldn't take anything for the complete change that HADACOL has made in my home."

Sold On A Strict Money-Back Guarantee

So give this remarkable HADACOL medicine a chance to help you if you suffer from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, a general run-down condition, and are sick or ailing, because you have deficiencies of Vitamins B1, B2, Niacin and Iron. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of such troubles. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. There is only one HADACOL. You can't lose a cent, because it's sold on a strict money-back guarantee. You'll feel great with the first few bottles you take. . . or your money back. Only \$1.25 for Trial size. Large Family or Hospital size, \$3.50.

Car With Atomic Blueprints Found

NEW YORK, May 17 — (AP) — A government car carrying 10 non-secret atomic energy commission blueprints was stolen from a Brooklyn street corner Wednesday and abandoned two hours later with contents intact.

Police said they believed the car had been taken "for a joy ride" by persons bound for a good time at Coney Island. It was abandoned on the Belt Parkway near the famous playground.

None of the AEC blueprints were missing from a brief case that an atom plant inspector left in the car while he went to lunch. John Burt, a public relations man at the Brookhaven National Laboratories for Research in peace time atomic energy use, located at Brookhaven, said the blueprints would not have been "particularly dangerous in the hands of an unauthorized person."

In Washington, a spokesman for the atomic energy commission said the papers were simply routine blueprints for non-secret atomic work. The spokesman said a check with Brookhaven showed there would have been no cause for alarm in the loss.

Offer U. S. Fliers \$100,000 For Story

PEARL HARBOR, May 18 — (AP) — A couple of "rice fat" U. S. fliers considered offers totaling possible \$100,000 for their story of 18 months as captives of the Communists in North China.

The two are William C. Smith, Long Beach, Calif., Navy Chief Electrician's Mate, and Marine Sgt. Elmer C. Bender of Cincinnati.

The offers poured in even as the two were flying in last night from Hong Kong. A Navy spokesman said they came from magazines, feature syndicates, movies and television. He estimated the total at \$100,000.

The spokesman, Cmdr. Harry C. Cross, said, however, the two will give a full account of their experience at a Navy-conducted news conference, probably tomorrow.

Two Issues Unsettled In Rail Strike

Union Firemen And Roads Start Drafting For Arbitrations

CHICAGO, May 18 — (AP) — The railroads and their union firemen began drafting for arbitration Wednesday two issues left unsettled Tuesday in the agreement ending the strike of 18,000 locomotive firemen against five key rail systems.

To Agree On Forms

The conferees met with the Na-

tional (railway) Mediation Board to agree on the form these issues will be submitted:

1—The charge of the Brotherhood of Locomotive Firemen and Engineers that the railroads are violating a 1943 agreement by having supervisory personnel perform the duties of extra firemen on big high-speed diesel passenger trains.

2—A union demand that a firemen be assigned to each of the approximately 200 small "tea-pot" Diesels in switching service, mostly in small yards.

Two Arbitration Boards

Two six-man arbitration boards will be selected, each hearing a

single issue. For each board, the union will select two members, the railroads two and these four board members will select two others. If they can not agree, the National (railway) Mediation Board will make the final selections.

Cleared of Charges of Weather Lottery Ring
ST. LOUIS, May 18 — (AP) — Deputy Sheriff Arthur J. Knutz and two other persons were cleared of charges here in connection with what police described as a weather lottery ring. A circuit court grand jury voted no-true bills for them. Four others arrested in raids

last April 14 were indicted by the Democrat-Capital class ads get results! 10 words, one week, 80c.

All-Color Movie At Church Friday

"Beyond Our Own Horizon," an all-color motion picture, will be shown this Friday, May 19, at 8:00 p. m. at St. Paul's Lutheran church, Broadway and Massachusetts avenue.

This sound-film portrays the Church's world-wide Kingdom work, giving a dramatic, vivid presentation of the Church's vast world-wide missionary and educational program. This moving picture is an ennobling, Christian experience—an experience people will never forget as they see a world-view of the work that is being done beyond our own horizon.

All members and friends of the church are invited. There is no admission charge.

Berlin Magazine Says This is Last Hitler Picture

The Berlin magazine Illustrated Telegram says it by chance found this picture of Adolf Hitler (right) amid discarded material taken by a representative of Hitler's personal photographer. The magazine says the picture shows Hitler, about April 20, 1945, with his adjutant, SS Obergruppenführer Julius Schaub, surveying war damage to the Reich chancellery in Berlin — 10 days before Hitler was reported dead in his air raid bunker. (AP Wirephoto)

tend the funeral services of Mrs. Paul Jones. She left Kansas City Friday for her home in Los Angeles. Mr. and Mrs. J. O. Kincheloe, who recently sold the Hughesville

and Mrs. J. O. Kincheloe, Jr., and son, Greig. After a visit there they will go to Carthage to visit Mr. and Mrs. Edwin Hemphill and daughter, Phyllis.

Miss Mildred Rages, director of music in St. Charles public schools in St. Charles, spent the week-end with her parents, Mr. and Mrs. Charles Rages, Sr.

Miss Dorothy Birchfield of Kansas City, spent the week-end with her father, Ira Birchfield.

Mr. and Mrs. Clarence Culp are on a two-week vacation trip. Mr. Culp is the station agent in Hughesville. They recently moved into the H. T. Scott home.

The freshman class of the Hughesville high school entertained the members of the faculty and members of the senior, junior and sophomore classes on Friday evening at the school. After an evening of entertainment refreshments of sandwiches and ice cold drinks were served.

Barbara Conway, a student at Central college in Fayette, was one of the 51 students who attended the 14th annual Missouri Methodist student conference last week-end at the state recreation area of the Lake of the Ozarks state park at Kaiser. Student groups from colleges all over the state were delegates at the convention.

The Hughesville high school seniors composed of the following members: Betty Bennett, Homer Borchers, Das Conway, Elwood Fischer, Jimmy Harvey, Kenneth Jamney, Harriett Meyers, Jerry Nicholson, Harvey Patterson, Franklin Rayhill, Junior Thomas, Barbara Walker, Don Wilson.

Economics Club Of Smithton Met

The Smithton Home Economics Extension Club held an all day meeting on April 26, at the home of Miss Laura Kruse, with Mrs. Earl Shrout assisting hostess.

The meeting was opened with singing, after which the Lord's Prayer was repeated and devotional given by Mrs. W. E. Selken. Mrs. Tena Munsees read a poem, "Take Time to Live," and also a poem by Mrs. Stella Kahrs, "The Glory in You."

A contributed luncheon was served to 18 members. In the afternoon there was an exchange of bulbs and seeds and the afternoon meeting opened with the singing of "The Song of Peace."

Roll call was answered by "My Favorite Flower."

The 4-H food demonstration was given by Joyce Griffith.

The next meeting will be on Wednesday, May 24.

Millon Wiley, observed Monday as Kid Day or Sneak Day.

The senior play, "His Uncle's Niece" a three-act comedy by Raymond W. Sargent was given April 27, under the direction of Mrs. W. A. Snoddy. The senior sponsor is Mr. Edward Beatty.

It's here! Procter & Gamble's latest, great discovery!

NEW! PATENTED!

cheer

SO GOOD you get the cleanest possible wash with the least possible work!

Years of research and experimenting in Procter & Gamble's laboratories led to the discovery of the newest clothes-washing marvel—CHEER.

CHEER was tested and tested—under all kinds of washing conditions. And the job it did was SO GOOD it surpassed the highest expectations of its makers.

Now CHEER is ready for you! And Procter & Gamble promises that it will give you the cleanest possible wash with the least possible work.

SO GOOD it washes clothes cleaner in ONE wash than any soap will in TWO!

It's true! Laboratory tests prove that CHEER is so good it gets clothes cleaner in a single wash than any soap you ever used will in 2 washings!

SO GOOD you can get a bright, clean wash even WITHOUT RINSING!

It's true! CHEER can give you a sweet, clean wash even without rinsing. Because CHEER holds dirt. So, when you wring out the suds—away goes the dirt.

You get the cleanest possible wash any "no rinse" suds can offer!

But if you do rinse, CHEER's your best bet for a cleaner wash than you'll get with any soap—any other type of washing product.

SO GOOD you get a snowy-white wash with NO BLEACHING! NO BLUING!

Without bleaching, without bluing—without help from anything—CHEER washes your white things clean as fresh snow. Your colored things look bright as new paint. Yet for all its power, CHEER is kind to hands, safe for washable colors.

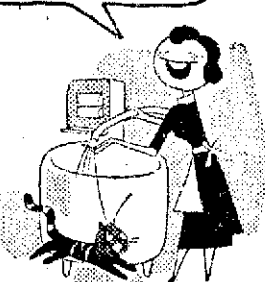

SO GOOD you get a film-free wash even IN HARDEST WATER!

CHEER suds come up thick and fast in water so hard the best soaps known give up the ghost. Leaves no sticky scum—in fact, CHEER removes the dulling film left on clothes by soap. You never need a water softener with CHEER!

SO GOOD you get a spanking-clean wash even WHEN HOT WATER RUNS LOW!

The hotter the water, the better the wash. But when the hot water runs low, CHEER won't let you down. Sturdy CHEER suds stand right up and go on fighting dirt and grease. Whatever the temperature, CHEER will give you a cleaner wash than any soap in the world will at the same temperature.

Try **cheer** once...and you'll **cheer** forever!

CHEER is the trade-mark of a special all-purpose detergent made by PROCTER & GAMBLE in the U. S. A.

START WITH A CHAIR . . .
Remove worn seat, first unscrewing from frame.

APPLY TACKING TAPE . . .
Spread rubber cement along edges, then apply tape.

REMOVE OLD FABRIC . . .
Also all old cushioning. Inspect webbing and repair.

MARK SHAPE OF SEAT on
1-inch foam rubber sheet, using pencil or crayon.

NOW CUT IT OUT . . . Use sharp scissors and bevel back edge for smooth fit.

WILSON'S MOR
ALL BEEF ALL PORK
A TASTEFUL MEAT
So good to eat
You just can't beat a Wilson canned meat.
THE SEDALIA DEMOCRAT
Sedalia Mo., Thursday,
May 18, 1950

APPLY NEW FABRIC . . .
First cut pattern from old fabric, then tack in place.

TACK IT ON . . . Place seat frame on latex foam, pull tape over edge and tack.

FINISHED PRODUCT
Your new seat is complete — just replace in chair.

Apple rings, apple sauce and apple soup should be on your "use more apple" list for spring.

Club Discusses Rural Life Sunday

The Ringen Brushy 4-H club met Wednesday night, May 10th, at Ringen school with 17 visitors present. The meeting was called to order by the president, Shirley Eicholtz, and the singing was led by Patsy Hochus.

Following the roll call and the reading of the minutes of the past session, a discussion was held on Rural Life Sunday. The next meeting will be on June 7th at the Ringen school.

Don't Fence Me In

BALTIMORE — (AP) — Tearing down of Baltimore's high board fences has apparently made sissies of its dog. Now a government sociologist is trying to find out what effect the fence removal had on the dogs' masters. The link between fence-leveling (a by-product of a rat control program here) and canine and human psychology was suggested by Dr. Paul V. Lemkau of the State Health De-

NO COOKING NEEDED

FAULTLESS STARCH

ABSOLUTELY FAULTLESS FOR OVER 60 YEARS

partment's Mental Hygiene Division.

The fences behind Baltimore's row houses once formed open air enclosures. Within them, the dogs lorded it, dashing fiercely against them as strangers passed, and barking fit to kill. With the fences down, dogs held on chains at the back door quieted down. Lemkau noted.

Put some new shelving in your kitchen to give your "work room" a lift.

National Institute of Mental Health asks: "Do people get along better with their neighbors, or do they hate them? Do they get into fights or do they develop a community spirit?" He's assembling a research staff to help him find out.

A new dress form of plastic is easily and quickly inflated or deflated and also is designed for blocking clothes so they will dry to correct shape without shrinking or stretching.

A little crumbled, crisply cooked bacon is delicious sprinkled over corn soup just before serving. Make the soup from cream-style canned corn.

Utilize leftover potatoes and a small amount of leftover chicken or ham for a main dish; mash the potatoes and put in a baking dish; cream the chicken and ham and pour over the potatoes. Heat in a moderate oven until hot through and top layer is bubbly.

Community News from
Green Ridge

Mrs. Verna Palmer

Twenty lodges of the I. O. O. F. held an appreciation meeting honoring James Tucker, grand master of the Grand lodge of Missouri at Boonville on Saturday night, May 13. Degree work was conferred on twenty candidates by No. 5 lodge of St. Louis. A street drill by the Boonville Rebekah lodge and a parade by all the lodges present, led by the Boonville high school band preceded the meeting. The following members of the Green Ridge IOOF lodge attended: George White, W. C. Haynes, Jun. Pace, Russell Pace, Guy Ridenour, Oliver Blankenship, Ethel Neff, Ray George and Dewey Miller.

The baccalaureate services of the senior class of the Green Ridge high school was held in the school auditorium on Sunday night, May 14. The principal address was delivered by Rev. R. I. Clemings of Calhoun, pastor of the Green Ridge Baptist church.

Wednesday evening, May 17, the grade school commencement was held with a program by the students.

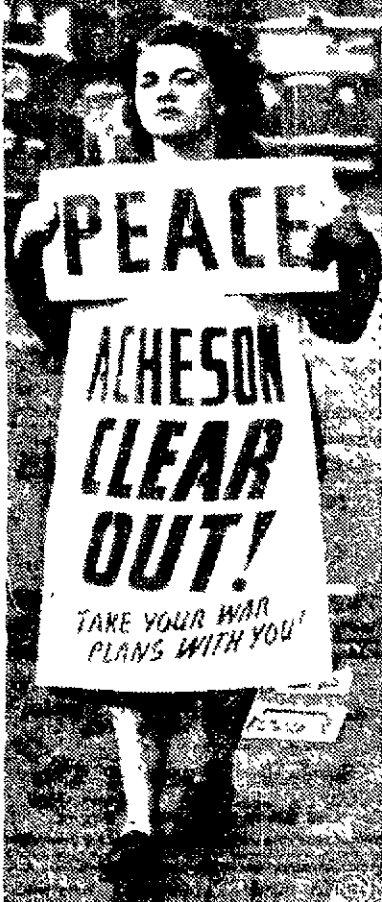

Thursday evening, May 18, the senior class commencement will be held in the new auditorium and the address will be by Mr. Harold Young of the state department of education.

The valedictorian of the 1950 graduating class is Eugene Johnson, the son of Mr. and Mrs. Carl Johnson and the salutatorian is Miss Louise Brown, daughter of Mr. and Mrs. Lloyd Brown. The other members of the graduating class are: Susie Bailan, J. W. Youse, Helen Dillon, Billy Muller, Ella Fern Miller, Janet Ream, Robert Martin, Gerald Riecke, Raymond Ward, Minnie Walter, Joyce Stewart, Joyce Hoover, June White, Mary Edith Titsworth and Bonnie Hancock.

Mr. and Mrs. Joe Floyd of Jefferson City were week-end guests in the home of Mrs. Floyd's parents Mr. and Mrs. Roy Calvert. On Sunday Mr. and Mrs. James Ardrey of Kansas City were dinner guests in the Calvert home.

Mr. and Mrs. Raymond Edmundson of Windsor were Sunday afternoon visitors in the home of Mr. and Mrs. J. M. Palmer in Green Ridge.

Mr. and Mrs. Orland Gilliland and daughters of St. Louis were

WALKING PAPERS—A woman picket before the Savoy Hotel in London carries signs urging U. S. Secretary of State Dean Acheson to "clear out." Acheson, in London for "Big Three" talks with British and French foreign ministers, was being honored at a dinner by the Pilgrims Society, an organization for aiding Anglo-American friendship.

guests over the week-end of Mrs. Gilliland's parents, Mr. and Mrs. L. L. Ream at their home here.

The Green Ridge Chamber of Commerce held its annual membership meeting and election of officers at the school building on Monday night, May 8. The following officers and board of directors were elected: Alvin Howe, president; J. Stark, vice president and Wilford Acker, treasurer. Directors: Russell H. Miller, E. J. Sims, Carl L. Rager, C. A. Wisdom, Dennis Brownfield, M. R. Hutchinson, L. L. Ream and T. J. Williams.

Mrs. Larry Johnson and daughter Cheryl of Pendleton, Oregon, arrived in Green Ridge a week ago last Saturday for a visit with Mrs. Johnson's parents, Mr. and Mrs. G. D. Rayburn at their home here and with Mr. Johnson's par-

Opussums May Aid Research

BERKELEY, Calif. — (AP) — A University of California scientist who has succeeded in raising opussums in captivity believes they may become useful as laboratory animals. Because the embryonic opussum goes through a period of development in his mother's pouch, where he can be observed easily, he may be a good subject for studying mammalian life in one of its earliest forms, says Harold C. Reynolds, museum technician.

The opussum emerges from the mother after 13 days of pre-natal development. Then the little creature has to climb into the mother's pouch, where he nurses for about 60 days, before becoming a fully developed baby. This is an ideal setup for the laboratory experimenter except for one major drawback. All attempts to raise opussums in captivity heretofore have failed, Reynolds said.

The California scientist reported, however, that after several years of trial and error he had learned how to raise opussums in cages. He now has some third-generation animals which were born in captivity.

Add shredded cabbage or finely cut celery to canned tomatoes; summer and season with salt and a little butter or margarine. Serve in individual sauce dishes (to be eaten with a spoon) and top with crisp buttered croutons.

India Plans Electric Cremation

BOMBAY—(AP)—India, original home of human cremation, is soon to have its first electric crematorium in Bombay. The crematorium will dispose of bodies in a few minutes instead of the hours now required by the wood-burning process.

Although Mahatma Gandhi advocated electric incinerators, most Hindus are averse to any way of burning except by use of logs or at least charcoal heaps and cow-dung cakes. The municipality is not certain the electric crematorium will be immediately popular, but counts on two factors to keep busy. One is the large number of deaths by the roadside of poor people. The municipality now

buries them. The other is the unprecedent cost of wood.

For youngsters' mid-meal snacks serve something simple: an orange, a glass of tomato juice and a cracker, a glass of milk and a cookie are all suitable.

Tipton

Mrs. Thomas W. Miller
Beginning June 1st new hours will go into effect at the Tipton postoffice, announces Mrs. Herman Dahl, postmaster. The last dispatch of mail will be at six p. m., instead of the present time, 8 p. m. The postoffice lobby will also be closed at six o'clock in the evening instead of remaining open until eight.

Mrs. Dahl says that the windows will stay open until five o'clock in the evening as usual, but that all out-going mail will be concluded at the six o'clock hour, no mail to be sent out until the following morning.

In accordance with other rulings the postoffice windows will not be opened on holidays. Mail will be distributed of mornings and will be dispatched in the evenings, the only change being the discontinuance of window service on holidays after the first of June. On past holidays the postoffice windows have been opened for an hour in the morning, from 7:00 until 8:00 o'clock.

Kenneth Leo, weighing nine pounds and seven ounces was born Wednesday, May 10th, to Mr. and Mrs. Charles Schuster at their home in Tipton. There are two other children in the family, Bobby and Kathleen.

The mother is the former Miss Betty Emlinger, daughter of Mr. and Mrs. Charles Emlinger, and the father is a son of Mr. and Mrs. L. A. Schuster.

Mrs. Nelson Stonner entertained with a miscellaneous shower at her home at four o'clock last Saturday afternoon complimentary to Mrs. Thomas W. Miller, a recent bride.

Sixteen guests were present and Mrs. Miller was the recipient of many lovely gifts.

Mrs. Stonner, assisted by Mrs. Aubrey Bixler and Miss Betty Needy, served a salad course of chicken and cheese sandwiches and coffee.

Having sold their farm located five miles southwest of Tipton, known as the Alfred McNeal farm, Mr. and Mrs. Dave Hancock will hold a public sale there next Monday, May 22nd. Following the sale, Mr. and Mrs. Hancock will return to Atlanta, Ga., to reside to be with Mr. Hancock's mother, Mrs. J. T. Wayne, who is in ill health. Mrs. Hancock's mother, Mrs. Hallie Wood, who lived in Tipton at one time, also makes her home in Atlanta.

Mr. and Mrs. Hancock sold their farm to Gus Klappstein, of St. Louis, who will occupy the farm with Mrs. Klappstein and a daughter. Another daughter and son are in the armed services.

Mr. and Mrs. Hancock have been residents of this community the past three years.

In the Richards ambulance Sunday afternoon, Mrs. Anna Mayhew was taken to St. Joseph's Hospital in Boonville.

Mr. and Mrs. E. R. Proctor and daughter, Martha, spent Sunday night at the guests of Rev. and Mrs. George Gray in Lexington, Rev. Gray being a former pastor of the First Baptist church here. Monday Mr. and Mrs. Proctor and Martha were in Kansas City, going there from Lexington.

Mrs. Roy Finley had all of her children home with her for Mother's Day. The children are Mr. and Mrs. Ben Finley and sons, Weyland and Stephen of Jefferson City.

Mr. and Mrs. Webster Thomas, of Tipton, Mr. and Mrs. Ben Finley and sons, Weyland and Stephen, of Jefferson City, and Mr. and Mrs. Ben Smith and son, Timothy, of Independence, Mrs. Smith and son remaining for a week's visit.

Mix grated cabbage and carrot with finely grated onion and mayonnaise for a tasty and nutritious sandwich spread. Add a layer of cream cheese to the sandwich if you like.

Creamed dried beef with tomato slices sauteed lightly makes a delicious Sunday night supper dish served over hot cooked rice, or noodles.

For a quick rarebit, melt cheese in condensed tomato soup (undiluted), add dry mustard and other seasonings to taste, and serve over crackers or toast.

Washington PTA Installs Officers

Washington Parent Teacher Association met in the school auditorium at 2:00 o'clock Friday afternoon.

The devotional was given by Mrs. Charles Hurt.

It was voted by the organization to give \$10.00 to the playground program fund.

The first grades, taught by Mrs. Gladys Spears and Miss Frances Garman gave a playlette, "A Brave Boy."

The officers for next year were installed by Mrs. K. Riley, district president. The officers installed were: Mrs. Howard Gwinn, president; Mrs. Paul Hunnell, first vice president; Mrs. Ralph Salmon, second vice president; Mrs. Charles Griggs, secretary; Mrs. Oliver Thomas, treasurer.

The retiring president, Mrs. G. H. Abney, was presented with the past president's pin and reviewed the past year's achievements. Carolyn Abney, daughter of the outgoing president, presented her mother with a bouquet of roses and the pin in behalf of the P. T. A.

Mrs. Gwinn then introduced the following chairmen for next year: Program chairman, Mrs. Paul Hunnell; membership, Mrs. Ralph Salmon; hospitality, Mrs. E. A. Steele; publicity, Mrs. G. H. Abney; Missouri Bulletin, Mrs. H. Kellner; Parent-Teacher magazine, Mrs. G. Starkey; study class, Mrs. J. T. Cross; summer roundup, Mrs. Clarence LeFavor; budget finance, Mrs. Shoemaker; scrapbook, Mrs. C. W. Hert; histortap, Mrs. Emmett Cramer; stu-

dent aid, Miss Bessie Perkins; standard of excellence, Mrs. E. O. Holst; Founder's Day, Mrs. L. C. White; devotional, Mrs. Charles Bennett; nursery, Mrs. Loy Austin, room mother, Mrs. Kenneth Leslie and Mrs. Ed Brummet.

Apples, baked, stewed or made into sauce, make a fine breakfast fruit. Or apple slices may be simmered in a sugar syrup and served with crisp ready-to-eat breakfast cereal.

"Pancake Champ" Scores Again!

Serves "Sweetest" Syrup — Wins Extra Applause!

She's always been famous for wonderful pancakes; now she's getting new praise, since she serves 'em with "Sweetest" Waffle Syrup, the first syrup made especially to bring out the best in waffles and pancakes. Delicious maple-flavored "Sweetest" has balanced sweetness; never overpowers the taste or masks other flavors. Easy-pouring, yet doesn't soak up pancakes like ordinary thin syrups. Contains 75% more energy giving dextrose, yet costs much less than most waffle syrups. Try it!

THINGS TO REMEMBER

You get these 2 big extras in CLOROX!

Gentler bleaching action.....

added protection for linens! Yes, it's worth remembering that Clorox conserves precious linens, keeps them "in the family" for a long, long time. The reason is: Clorox is free from caustic, extra gentle, even on delicate fabrics. So, to conserve your white and color-fast cottons and linens, remove stains, make linens snowy-white, color-bright, remember the magic word... Clorox!

Greater disinfecting efficiency...

added protection for health! Lucky folks in this house! Their bathroom is sparkling bright, hygienically-clean as well! That's because this thoughtful mother includes Clorox in her routine household cleaning. For besides removing stains, Clorox does a better job of disinfecting. Why not put this extra efficient germ killer to work protecting the health of your family? Directions on label.

Four Indicted For Conspiracy To Avoid Tax

Federal Agents Seize
1000 Cases Whiskey
In Vernon Co. Club

KANSAS CITY, May 18—(P)—Four persons arrested after federal agents seized 1,000 cases of whiskey at a Vernon county club were indicted Wednesday on the charge of conspiracy to avoid the payment of proper federal taxes on their wholesale liquor business.

True Bills Returned
After the true bills were returned by a federal grand jury, U. S. District Attorney Sam C. Wear said the four were doing more business than any legitimate wholesale liquor house in the state.

Named in the indictments were James Oscar Smith, 37; Merwyn Bills 37; George Edward Pevack, 29, and Pevack's wife, also 29.

Their place, five miles west of Nevada, was known variously as the 50 Tobacco Store and the 54 Club. In addition to the store the club included a one story house with an attached garage.

It was here that agents of the federal alcohol tax unit made the seizure May 4. At that time E. N. Ahlstedt, supervisor of the Kansas City office of the unit, described the raid as "one of the year's major operations in the government's drive to curtail shipment of liquor into dry Oklahoma."

Similar Raids In K. C.
Earlier agents had made a similar raid at Kansas City, seizing 1,000 cases and arresting ex-convict Charles Carollo.

The indictment cited eight overt acts to support the alleged conspiracy, all of them involving the sale of between 40 and 55 cases of whiskey between March 30 and May 3. One count charged conspiracy; the second violation and the third failure to keep proper records.

Bond was originally set at \$1,000 each, but District Attorney Wear told Federal Judge Richard M. Duncan that this was an aggravated case and requested that bonds be set at between \$2,500 and \$5,000.

Judge Duncan then set the bonds at \$3,500 each.

Among latest safety aids for motorists is a switch which cuts off completely any electrical current that might cause sparking or fire when a car is in an abnormal position, due to an accident.

We announce Robert W. Moore of Springfield as a Democratic candidate for Congress in the Sixth district. He filed for that office some weeks ago.

Louis C. Moore, his father, spent his boyhood days on a Pettis county farm near LaMonte and was married at the age of 28 to a Pettis county girl, Miss Bettie Ireland of Dresden. However, the children of this pair were all born and reared on a Bates county farm northeast of Butler. Then in 1902 when Candidate Moore was 15 years of age, the father moved his family to a Vernon county farm near Sheldon, where he still resides with one son, Harry M. Moore, who is a breeder of registered Pollard Hereford cattle. The father will be 93 years old next August.

Robert W. Moore is a graduate of the Warrensburg Teachers college, where he won honors as a public speaker on agricultural subjects. He also received two degrees from the University of Missouri, where he was on the track team with the great Brutus Hamilton of Harrisonville and represented the school of education in the student senate. While in Columbia, he attended the Broadway Methodist church, and was president of its University men's class.

At one time he was superintendent of the Sheldon school and chairman of the Vernon county Teachers' association. Herbert Cooper, present head of the Vernon county schools, was a member of his graduating class.

He served overseas as a machine gunner in the 338th Machine gun battalion during World War I. And during World War II he was an auditor in the Kaiser shipyards at Richmond, California, where more than 200,000 men and women were employed.

This is the second time Candidate Moore has ever asked for

public office. In 1926, he was given the Democratic nomination for Congress by a large majority in what was then the old Fifteenth district, where he carried Vernon and Barton counties by more than three to one.

He was defeated in the November election, due to the fact that most of his counties were in what is now Rep. Dewey Short's strongly Republican Seventh district. At that time his main campaign slogan was "Cut the Cost of Government," which would not be so bad right now.

Fourteen years ago, Mr. Moore moved from near Sheldon to Springfield, Missouri, where he has developed what is known as R. W. Moore's addition to the city of Springfield. In the southeast part of the city. And he is now completing the last new house on the last lot he has left in the addition.

While attending the graduate school of the University of Missouri, he spent most of his time studying the various phases of the national budget system. Consequently, he firmly believes in a balanced budget, which shows full value for every tax dollar spent.

He is a Methodist, a member of the American Legion and a 32nd degree Scottish Rite Mason.

**A Retired Engineer
Of MKT Found Dead**

PARSONS, Kas., May 18—(P)—Edwin Peterson, a 62-year-old retired Katy railroad engineer, was found dead in his bed at his home here early Wednesday by his brother Henry.

Except for wearing house slippers, the man was fully clothed and his face was badly bruised.

County Attorney J. L. Shuss said an inquest would follow an autopsy, probably tomorrow. Shuss said that his brother so far had been unable to shed any light on the death.

Coroner J. D. Pace expressed the opinion that the injuries had been suffered in some manner other than in a fall.

Sinatra Denies Any
Romance With Actress

PARIS, May 18—(P)—Crooner Frank Sinatra arrived in Paris by plane from Spain today and irritably brushed aside questions about his reported romance with actress Ava Gardner.

"I haven't the slightest idea when I'll see Ava again," he told reporters at the airport. He had seen Miss Gardner in Spain, where she is making a movie with Mario Cabre, a Spanish bullfighter. Even while Sinatra and Miss Gardner were together Cabre was proclaiming his great love for the actress.

HERE'S THE BUICK SPECIAL 4-door Sedan, de luxe finish. The same body type is available on SUPER Series.

"YOU HARDLY KNOW THE ROAD IS THERE!"

YOU won't be the first to say that—not by a long shot.

One of the first things you notice, when you step from another make of car into Buick, is the wonderful difference in the Buick ride.

There are good technical reasons, if they interest you...

Soft coil springs all around, the gentlest type of spring man knows how to make.

A stout torque-tube, acting like

the husky keel of a battleship to steady the whole carriage.

Low-pressure tires on wide, Safety-Ride rims, that stop heel-over and sway on curves.

Firm, sure, quick-acting shock absorbers, promptly snubbing the after-bounce of the bigger bumps.

The important thing is what these all add up to.

Freedom at last from jounce and jiggle. A level, floating, road-free passage over almost any kind of road, with even the

worst of them tamed and gentled as never before.

Add Fireball power to all this—the roominess of wide, deep seats—the lightness of Buick controls and the liquid silkiness of Dynaflo Drive*—and you have a car just too good to miss.

Come try one, won't you? Your Buick dealer will be delighted to demonstrate without obligation—delighted to show you that if you can afford a new car, you probably can afford a Buick.

*Standard on ROADMASTER, optional at extra cost on SPECIAL and SUPER models.

ONLY BUICK HAS Dynaflo—AND WITH IT GOES, HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

WHATEVER YOUR PRICE RANGE

NEWSPAPERARCHIVE

Mrs. Add Johnson

Members of the Clifton City 4-H club together with several visitors and parents met at the school house for their regular monthly session Friday evening May 5. Robert Pabst, the president called the meeting to order and presided over the business meeting. Plans were made for an annual 4-H recreation Sunday, May 21 and the members are expecting to spend the day at Liberty Park in Sedalia. Plans were also made to attend sports day which is being sponsored by the Gun and Rod club of Boonville, which will meet at the Gun and Rod club house Monday, May 22 and 4-H members of Cooper county are invited to attend this program and participate in the events of the day. Announcements were made concerning the donkey baseball game being sponsored by the 4-H club and will be played here on the school ground on Sunday, May 14. Following the business meeting a courtesy skit was given by Melvin Smith, Robert Pabst and Douglas Eckler. Games were played and a social hour was enjoyed. Refreshments were served by two members of the Clifton City Homemakers club, Mrs. Mary Fairfax and Mrs. J. U. Porter.

John Pabst who has been very ill the past two years was admitted to St. Joseph's hospital in Boonville Wednesday, but was dismissed Saturday and able to come home.

Mr. and Mrs. George Schneider of Wichita, Kas., who came to Sedalia the latter part of the past week to attend the wedding of Mr. Schneider's sister Miss Helen Schneider came on to Clifton City Saturday to visit until over Sunday with Mrs. Schneider's parents, Mr. and Mrs. Lester Stone and family.

Mrs. J. C. Harrelson of New Orleans, La., arrived at Clifton City last Wednesday, May 3, for a

SQUEEZE ON MUSTARD—Already accustomed to brushing his teeth with Dad's shaving cream, Junior now faces the possible hazard of encountering Mom's mustard in a squeeze-out tube. Food packers are testing this new tube made by an Elizabeth, N. J., manufacturer to hold condiments, cream cheese, jelly spreads and other soft foods. This housewife squeezes mustard on a hamburger.

visit with her sister, Mrs. Lee Cozad and Mr. Cozad and also to visit her son Jimmy Harrelson who has been here with the Cozad family during the school months. He is a student in the Otterville high school.

Mrs. Harrelson and son will leave here as soon as school is out, May 19, and join Mr. Harrelson

who is employed by the Standard Oil company in the east.

Mr. and Mrs. Oliver Bridges and daughter Marva and son Tommy were guests of Mrs. Bridger's sister, Mrs. Benny Hahn, and family at Tipton last Sunday.

Miss Beverly Todd left Monday for Fulton where she will make an extended visit with her sister, Mrs. Leslie Bullard and Mr. Bullard.

Mr. and Mrs. W. L. Smith and family had as their guests Sunday their daughter, Mrs. Dale McCutcheon. Mr. McCutcheon and son of Otterville and Mr. and Mrs. Smith's son, Mack Smith, Mrs. Smith and daughter, Carolyn Sue, of Sedalia.

Mr. and Mrs. Frank Imhoff and daughter of Blackwater were

More people use Morton's

Plain or Iodized Vegetable Juice

MORTON SALT

When it rains it pours

guests of Mrs. Imhoff's parents, Mr. and Mrs. Joe Reuter here in the afternoon. They were guests of Mrs. Imhoff's brother, C. J. Reuter and family.

Mr. and Mrs. Virgil Kempf of Kansas City spent the week-end here with Mrs. Kempf's parents, Mr. and Mrs. Emil Pabst and attended the wedding of Mrs. Kempf's cousin, Miss Earlene

Lorenz to Julius Twentel which took place at St. Joseph's church here Saturday morning.

Willie Wheeler of Wichita, Kas., is visiting his sister, Misses Hannah and Clara Wheeler of Sedalia, arrived in Clifton City accompanied with his sister Sunday and visited with Mr. and Mrs. J. G. Harlan. The Wheeler family were formerly of Clifton City.

Lemon hard sauce is delicious, served with Banana or Apple Betty. Just add a little lemon rind and lemon juice to your usual combination of butter or margarine and sugar.

When children get tired of plain Cocoa, serve it topped with a marshmallow.

Chocola is made from the seeds of the cacao tree.

RECIPE OF THE WEEK By Mary Lee Taylor

Fruit Marlow

6 tablespoons Fat Milk
1/2 cup crushed pineapple
undrained
3 tablespoons sugar
6 marshmallows, quartered

1 1/2 teaspoons lemon juice
few grains salt
1/2 package lemon gelatin
1/2 cup boiling water

Chill milk until ice cold. Mix pineapple, sugar, marshmallows, lemon juice and salt. Chill thoroughly, stirring now and then. Dissolve lemon gelatin in boiling water. Chill until slightly thicker than unbeaten egg whites. Fold in fruit mixture. Whip chilled milk with cold rotary beater, or electric beater, until stiff. Fold in gelatin mixture. Pile into 4 dessert dishes. Chill until firm. Makes 4 servings.

*Canned apricots, pressed through a sieve can also be used.

You will need:
Pot Milk, Crushed Pineapple, Marshmallows, Lemon - flavored Gelatin, Sugar and Lemons.

Cooks' School Draws Crowds

First of Series at The Fox Theatre On Wednesday

The first presentation of the Frozen Food Cooking School, "Holiday in the Kitchen," sponsored by the Adams Truck and Tractor company at the Fox theatre Wednesday afternoon, was well attended.

Miss Mae Houston, registered Home Economist of International Harvester company with headquarters in Chicago, assisted by Miss Nancy Shelton, District Home Economist of International Harvester with headquarters in Kansas City, held the attention of interested housewives of Sedalia and Pettis county as they prepared meals from frozen foods in their home freezer and also prepared foods to store in the freezer for use whenever needed.

Mae Houston
International Harvester Regional Home Economist.

Plastic bags played a big part in the storing of everything in the freezer from chickens, all ready to fry, to nylon hose and wool blankets. Noticing that the audience was taken a bit by surprise when Miss Houston stated she was going to store her nylon hose in the freezer, she went on to explain that the nylon threads are strengthened if the new pair of hose is first frozen before wearing. As far the freezing of wool blankets, she went on to tell, that keeps the moths out.

The freezer is also a saver when it comes to left over foods, with pieces of pimento and similar things that might otherwise go to waste, put in a plastic bag in the freezer. Even left over soup, which had been frozen first in the ice tray of the refrigerator, and then put in the home freezer, was brought out and put in a pan on the stove and it was ready to serve.

Miss Houston pointed out that the drugstore wrap was most satisfactory because it wrapped food tightly and then she cautioned her audience not to forget the importance of writing on the package what was in it and also putting the date. Not doing this may lead to trouble later when you have to open up the package because you just don't know what is in it, she said.

"Holiday in the Kitchen" will be held again May 24, at the Fox theatre, at which all features of the refrigerator and home freezer on the stage will be shown in the preparation of food for present and future use.

The Lake of the Ozarks, in central Missouri, is the world's largest artificial lake.

Democrat class ads get results! Phone 1000.

Invited guests were Carol Maness, Sandy Glavin, Kenny Bowers, Cheryl Hall, Vicki Jaeger, Ray Forrest, Judy Johnson, David Forrest, Linda Gayle Alcorn, Wynne Sue Hall, Greer Kirk, Barney and Bobby Lee McBride.

Special guests were Jimmy's grandmothers, Mrs. George V. Kirkham of Springfield, and Mrs. Clara Bell of Versailles.

Mrs. Henrietta Robertson was pleasantly surprised Sunday at her home, south of Syracuse, when her children arrived at the noon hour with well filled baskets to celebrate Mother's Day. Mrs. Robertson just recently celebrated her 90th birthday anniversary.

All of her children except one son, Emmett Robertson, of Denver, Colo., were with her for the day. Those present were Mrs. Frances Hammer, of Wichita, Kas., Mrs. C. H. Nichols, Mr. and Mrs. Claude Nichols and daughters, Ann, Peggie and Sue, of Syracuse; Mr. and Mrs. George Robertson, of Ottumwa; Mr. and Mrs. Elmer Caldwell and Bertha Belle of Tip-top and Mr. and Mrs. Everett Robertson.

Mrs. Robertson received flowers and many gifts.

Na-e Omitted in a Speech Award

The name of Leo Eickhoff, Jr., son of Mr. and Mrs. Leo E. Eickhoff, 705 West Fifth street, was omitted from a recent article on awards received at the recognition assembly at Smith-Cotton high school. Eickhoff was presented the speech award given by the S-Club.

Prior authorization must be secured by United States pilots and aircraft owners before proceeding on flights to foreign countries.

Choral Group At Warrensburg

A crowd of more than 200 persons heard the outstanding harmony and novel arrangements of the Sedalia Men's Choral Group Tuesday night in Hendricks Hall.

Commenting on the concert the Warrensburg Star-Journal says: "Proceeds from the program went to welfare work through the Optimist Club of Sedalia and to the Johnson County Boy Scouts through the Warrensburg Lions Club, which sponsored the concert."

The two-hour program included a variety of songs so wide that any music lover should have been pleased. The men sang novelty numbers, spirituals, patriotic songs, popular and barbershop varieties. The first half of the program was directed by the assistant director of the group, Abe Rosenthal, regular leader of the program after intermission.

"Following the singing of their theme, the Sedalia Men's Choral Group sang 'Jolly Roger,' dedicated to Prof. Paul R. Utt of the College faculty."

"Among the novel numbers sung were 'Dry Bones,' with Mr. Rosenthal supplying sound effects on cans, bottles, pipes and bells, and a Paul Whiteman orchestral arrangement of 'When Day Is Done,' with the voices of men taking the place of the instruments."

"Fred Waring arrangements sung were 'You'll Never Walk Alone,' 'Onward Christian Soldiers' and 'Battle Hymn of the Republic.'"

Had Top Hogs on Market

George Martin, Jr., of LaMonte trucked three hogs to the Kansas City market May 17 which averaged 236 pounds and which John Clay & Co., his commission firm, sold for him at \$20.15 per cwt. These hogs were sold on eastern order and the price was not only top for the day, but the highest since Sept. 28, 1949.

The Sacramento is California's only navigable river.

Recognition Given Students

Thirty-four From Pettis County at CMS College

WARRENSBURG, Mo., May 18—Thirty-four from Pettis county were among C.M.S.C. students recognized at a special honors convocation, held today in Hendricks Hall.

The students were recognized for academic attainments and in achievements in extra-curricular activities on the campus.

A Greek and a Japanese student attained recognition from the faculty for outstanding achievement. They are—Kyriakos Lybrides, Panaroma, Greece, a freshman, recognized for a "B" grade average or better; and Skildit Isokawa, Japanese professor of Kyoto, for membership in Kappa Delta Pi, an international honor society in education.

Dean Lloyd E. Grimes of the college was principal speaker at the convocation. President George W. Diemer, divisional and departmental heads, made awards, and the invocation was given by Dr. James Sill of the faculty.

Students recognized from Pettis county are: academic honors ("B" grade average or better)—freshmen, Carl S. Quinn, Mary Catherine Waters, Sedalia; Joe L. Ream, Hughesville; sophomores, Ralph Lloyd Waters, Sedalia; Dorothy Louise Schanz, Hughesville; juniors, Jack Gentry and Frederick Wagner, Sedalia; Ruth Ann Parkhurst, Hughesville; seniors, (not members of graduating class)—Doris K. Doulter and Wayne Orville Vanderlinden, Sedalia; Charles Warden.

Recognized for membership in honor organizations — Marchea Malone, Doris Poulter, Martha Scott, Barbara Stauder, Harold L. Momborg, Wayne O. Vanderlinden, Robert F. Boothe, Phillip Burford, Mary Catherine Waters, Marvin Peterson, Allen A. Goodridge, Jesse Raymond Mosier, James W. Middleton, Harrison E. Rogers, of

the broad Pick Sloan plan for Missouri basin development. That is the plan administered by the basin

Sedalia: Mary Hieronymous and Ruth Ann Parkhurst of Hughesville; James R. Jackson, and Carolyn Hampp, Smithton; Louise Lacey, Green Ridge; Charlotte Bowman, Clinton; R. Kenneth Creekmore, Windsor; Jack Gold, Sedalia; Marchea Malone, Sedalia; Robert Charles Norton, Sedalia.

Journalism awards: For best sports story, Clarence Cassing, Concordia; best editorial, Ruth Ann Parkhurst, Hughesville.

Speech arts—Henry Luchs; athletic awards: football—James Egbert, William Ray, Robert Schultz, Larry Vilmer, from Sedalia; track—Keith Anderson, Sedalia. Collegiate "Who's Who"—Robert F. Pruitt and Ronald F. Stauder, Sedalia.

inter-agency committee of federal and state agencies.

Upstream states have little interest in navigation but today, on the lower reaches of the Missouri, navigation was the ruin show.

This is the way the engineers view was summarized by Brig. Gen. S. D. Sturgis, Jr., division engineer at Omaha, in a speech prepared for the floating committee meeting:

"... I cannot see how the industries in the valley can survive if we neglect transportation improvements and fail to give our industries an even break with industrial centers on established waterways."

"Regardless of the navigation aspects of this project, we cannot overlook the necessity of stopping the erosion of the river and giving protection to the farms, cities and installations in the valley."

"To the governors of the states bordering the Missouri river, I ask: Is this rich farm land in the alluvial valley, your cities, bridges and installations, worth protection

from the erosion of the Missouri river?

"I am sure your answer is in the affirmative. We have too much at stake to consider longer delay in the completion of the navigation and stabilization project."

Sturgis said inland waterway development is essential for national defense.

"I know of no other type of transportation route that is as resistant to interruption of service due to bombing or blasting than an open water system."

Then he noted that protection of about 2,000,000 acres of rich valley land from Sioux City, Ia.,

to the mouth is one of the goals of the river stabilization project—along with providing areas where cities like Kansas City, Omaha and Council Bluffs, Ia., can expand.

District Meet of Boy Scouts Postponed

Expand Social Security Plan Is Approved

Would Cover Some 10,000,000 People; Increase Payments

WASHINGTON, May 18—(AP)—A broad expansion of the government's Social Security system, covering some 10,000,000 more Americans and increasing retirements, was approved by the Senate finance committee.

Chairman George (D-Ga.) said he hopes to get Senate action on the measure within two weeks.

Bill Is Revised
The bill is a revised version of legislation passed by the House last year. Under its provisions:

1. Retired workers now drawing an average of \$26 a month would get about \$49 a month.
2. Workers retiring in the future would get a maximum of \$72.50 a month.

The measure would also keep the present Social Security payroll tax unchanged until 1956. The tax is now 1½ per cent on employees and 1½ per cent on employers, based on annual earnings up to \$3,000.

Boost Rate Next Year
The House had voted to boost the rate to 2 per cent on employees and employers alike next year and make the maximum wage \$3,600.

The Senate bill would extend coverage of the retirement system to about 8,000,000 persons on a compulsory basis and bring in nearly 2,000,000 more on a voluntary basis. Some 35,000,000 are now covered.

Chairman George told newsmen that 11 committee members voted approval of the bill. He said two members did not vote and may file statements later objecting to some features of the legislation. The new, more liberal benefits are based on sharp increases in the cost of living in recent years, George said.

The House-approved bill called for a 100 per cent increase in present benefits over the next 10 years.

Benefits To 2,900,000
The Senate committee estimated that under its bill the individual payments would average 110 per cent higher over the next decade than under present law. The Senate version also provides a 90 per cent average increase for the 2,900,000 persons now receiving retirement benefits, compared with 70 per cent under the House measure.

Both the Senate and House versions would raise the maximum family benefit from the present \$85 to \$150 a month under the old age and survivorship coverage.

In figuring basic retirement benefits, the Senate group adopted this formula: 50 per cent of the first \$100 of average monthly wage, plus 15 per cent of the next \$150—or a maximum of \$72.50.

The House formula provided: 50 per cent of the first \$100, plus 10 per cent of the next \$200—or a maximum of \$70.

Theft of Band Instruments at Aurora

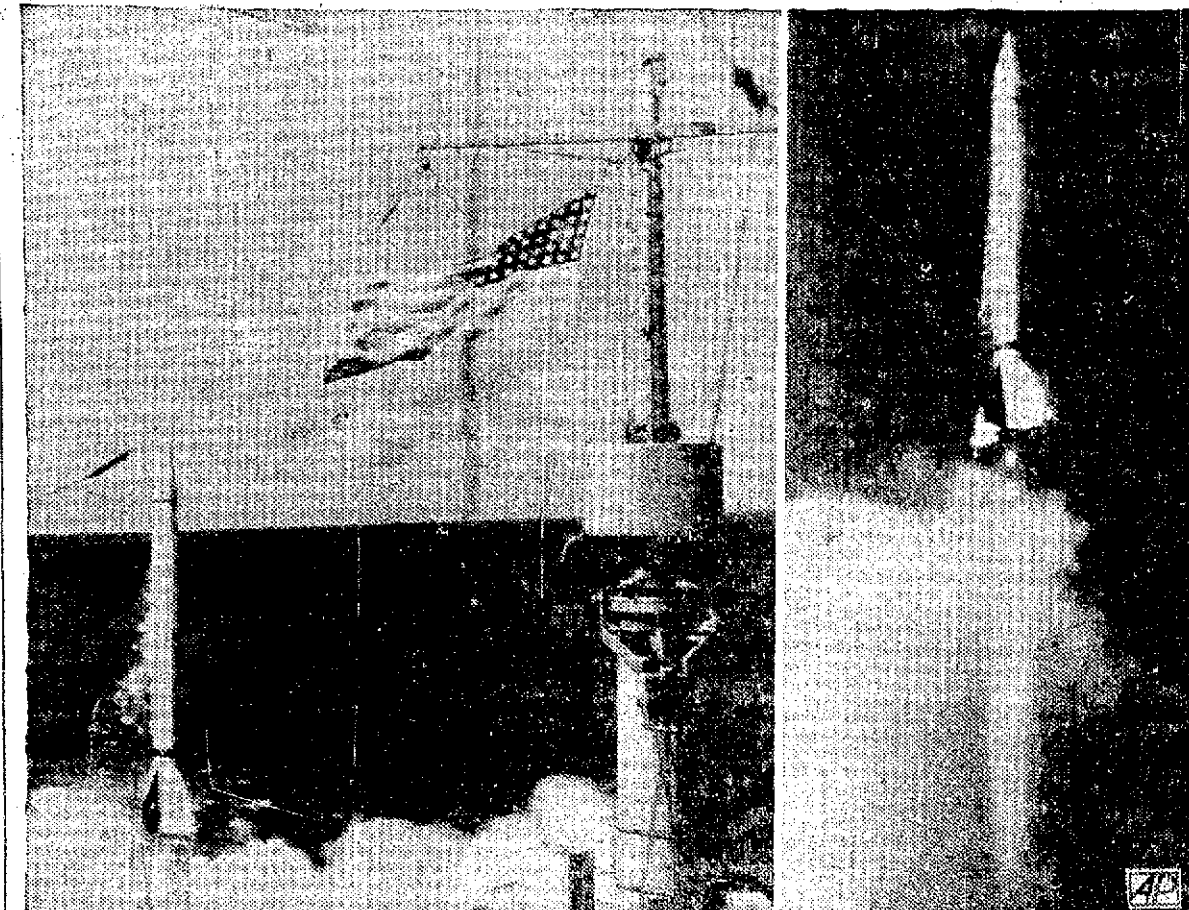

AURORA, Mo., May 18—(AP)—Theft of band instruments valued at \$1,755 from the Aurora high school was reported Wednesday. The State Highway Patrol, which received the report late yesterday, said the loot included 16 clarinets, two flutes, a piccolo, an oboe, two saxophones and five trumpets. The loot composed about one-third of the band's instruments, most of which were owned by the students.

Beaten by Hoodlums

Mrs. Geraldine Peek (above) 43, is pictured after she was beaten and robbed by a gang of young hoodlums in Los Angeles, Calif. She told police she was pulled from the street in front of her home, then kicked, slugged and robbed before she was released from their car six hours later. Her condition is serious, with a broken jaw, and multiple bruises. A score of citizens have been similarly beaten by youthful gangs at Los Angeles in the past several weeks. (AP Wirephoto)

Straight Up 106.4 Miles

Condensed moisture in the form of frost and ice particles is shaken loose from the body of the Navy Viking rocket as it is launched amidst a cloud of smoke and steam from the USS Norton Sound in mid-Pacific, May 11, to travel to a height of 106.4 miles (left). At right the rocket is clear of its launching platform and headed straight up to what the Navy claimed was a record height for an American-designed single stage rocket. The frost and ice resulted from the liquid oxygen fuel and high equatorial humidity. (AP Wirephoto from U. S. Navy)

Flying Boat is Forced to Land

TEL AVIV, Israel, May 18—(AP)—Israeli fighter planes fired warning shots and forced a British flying boat to land at the Port of Tel Aviv.

The British ship's crew of eight was taken into custody, pending an investigation.

The Israelis said the plane crossed over Israel's territory from the east, apparently headed for Egypt.

A similar incident occurred May 2 when an Israeli fighter fired a warning burst and compelled a United Nations observation plane to land at Lydda airport. A government spokesman said at the time U. N. planes had been violating Israeli air rules and flying outside the prescribed air corridor. The U. N. plane was later permitted to proceed to Jordan-occupied Palestine.

Union Electric Plans Big Steam Plant

JEFFERSON CITY, May 18—(AP)—Union Electric Company of Missouri asked permission today to build a huge steam plant to generate electric power in St. Louis county.

The application before the State Public Service Commission said the plant would be located at the

point where the Meramec river flows into the Mississippi river, approximately eight miles south of St. Louis.

Leather bags are used for carrying water in the hot desert regions because leather breathes and tends to keep water cool and fresh.

Clings to Hope For Reprieve

JEFFERSON CITY, May 18—(AP)—Charles H. Tiedt clung to a dwindling hope that he would not die in Missouri's lethal gas chamber early Friday.

Penitentiary Warden Ralph N. Eidson said the 55-year-old machinist still has not given up hope that his death sentence may be changed to life imprisonment or that some last minute stay may be ordered.

Eidson described the doomed man as calm in the last days before his scheduled death in the air tight metal and glass chamber in a corner of the prison yard. He said Tiedt is spending much of his final hours with the prison's Baptist chaplain, Rev. Frank M. Chase.

Tiedt was convicted of killing Fred Matchett, a sailor, in a triple shotgun slaying in St. Joseph Oct. 25, 1945. He was charged with killing Mr. and Mrs. Delbert Matchett, Fred's brother and sister-in-law, but never has been tried for those killings.

His first conviction in Buchanan county circuit court was tossed out by the Missouri Supreme Court because of inflammatory and prejudicial arguments by the prosecution. But last April 10 the state's highest court ruled four to

three that his second conviction in St. Joseph was legal.

Tiedt's attorneys asked for a new appeal before the Supreme Court but that plea was denied May 8.

Gov. Forrest Smith said today no one has asked him to change the sentence to life imprisonment. But the governor's legal secretary, Jeffrey Lance, said

three residents of Tiedt's home town, Marysville, Kas., had asked in a brief penned note that the sentence be modified.

Antipathy to regular and sustained labor is deeply rooted in human nature, according to the Encyclopedia Britannica.

Time on Ruhr Industries

BONN, Germany, May 18—(AP)—The Western Allies announced they have decided to give the West German government at some future date power to fix the form of ownership of the Ruhr steel and coal industries.

This decision is contained in the preamble of a new allied law, published today, on reorganization of the German coal, iron and steel industries. It means the government at Bonn will decide in the future whether the Ruhr industries will be privately owned or run by the government.

An allied dispute over the ownership provision held up the law for months. French fears that it would enable the Germans to set up a super-monopoly of heavy industry caused the law to be referred back to the three allied governments.

After weeks of discussion, the British and American commissioners voted for the law a month ago. The French commissioner protested the inclusion of the ownership clause. This automatically referred the issue back to the allied governments. It was discussed in London by the three foreign ministers.

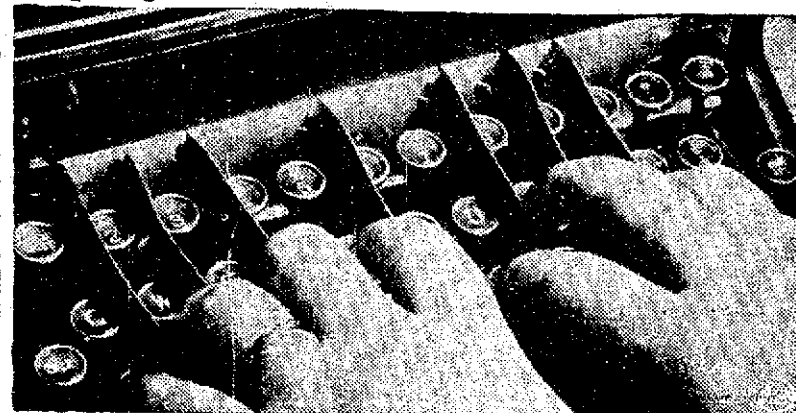

Until the question of ownership is decided by the Bonn regime the steel industry is held in trusteeship by the allied-nominated German trustees.

Typing 'In The Groove'

"I'm in a rut," said the index finger to the middle finger. "Just keep punching and you'll do okay," the middle finger replied. The two fingers were learning their part in a new, "painless" method of touch-typewriting developed by Russell Potter of New York. Potter's technique is to "fence off" each finger with the keys it is supposed to hit. It's as simple as A-S-D-F-G.

Oppose Lifting Of Rent Controls

WASHINGTON, May 18—(AP)—The CIO and A. F. of L. said labor will demand a new round of wage increases if Congress lets rent controls die June 30.

Richard J. Gray, speaking for the A. F. L., told the House Banking committee that removal of rent controls would have the same effect on millions of workers as a nationwide pay cut.

"If rents are decontrolled on a nationwide basis, I am absolutely certain that unions all over the country will demand an increase in wages," Gray declared.

John Edelman and Donald Montgomery, representing CIO, testified that rent increases already in effect in decontrolled areas "are equivalent to cuts of 5 to 10 per cent in wages."

"You can be sure," their state-

ment said, "that there will be a vigorous, and a fully-justified, demand for wage increases to offset such wage cuts if they take place." The CIO spokesman said there is a severe shortage of housing at rents people can pay. They said three to four million housing units still are needed for moderate income families.

A compact radiation-detecting device, called a "radiac set," will show where human beings may go safely after an atomic explosion and how long they can remain in affected areas.

The Washington Merry-Go-Round
State Department Considers Floating Propaganda Balloons Over Russia

By Drew Pearson

WASHINGTON.—One of the most carefully guarded secrets of the war was the fact that Japan was floating balloons across the Pacific ocean to Oregon, Washington and even as far east as Illinois and Texas.

U.S. censors gave strict orders to suppress all news of these balloons; and even when an Oregon family climbed into a tree to examine a balloon and was blown to bits, censors suppressed the information.

Reason for the strict censorship was that American commanders didn't want the Japs to know how successful their balloon campaign was. If the Japs realized their balloons were getting across, it was believed they would launch many more thousands.

After the war ended, cross-examination of the Jap military revealed that 60,000 of these balloons had been launched from the Kurile islands and Formosa. They crossed the Pacific at an altitude of about 17,000 feet at a speed of over 100 miles an hour and were equipped with gadgets which made them descend after a certain distance. The prevailing winds across the Pacific made the flight relatively simple—despite the fact that the Pacific is the widest of all oceans.

The balloons were equipped as incendiary carriers to set fire to northwest forests, and later they were to be equipped as carriers of bacteriological warfare.

Balloons to Russia

Use of these same type balloons to carry propaganda into Russia was proposed in this column two years ago. The wind currents from Germany, France, Austria, Turkey or even England make it easy to float balloons into Russia. In fact, they could be inflated so as to come down in certain planned areas, carrying not only propaganda, but bars of soap, candy, short-wave radio sets, etc.

The weather bureau, with whom I conferred at the time, confirmed the fact that floating the balloons into Russia would be fairly easy. Secretary of Air Stuart Symington and Chief of Staff Omar Bradley gave their enthusiastic approval. But at that time the State department said no.

However, with increasing Soviet jamming of the Voice of America, and with the increasing urgency of getting American ideas across to the Russian people, the State department under live-wire Assistant Secretary Ed Barrett is re-examining the matter. A sincere effort is being made to put across the Acheson idea of "total diplomacy."

A Candidate Forgets

Willis Smith, one of North Carolina's candidates for the Senate, has been stumping the state telling folks that he is the great friend of the working man. One of his full-page advertisements reads:

"I believe in high wage scales for the American working man."

What Lawyer Smith has forgotten, however—or at least what he wants the people of North Carolina to forget—is that he actually opposed a 40 cent minimum wage for the working man as late as 1947. Despite the fact that the federal minimum wage is now fixed at 75 cents, Smith informed the North Carolina general assembly that the 40-cent minimum was "harsh, unreasonable and unnecessary."

Soviet Eyes Okinawa

A Soviet plot to force the United States off its Pacific island bases is revealed in recent reports to the joint chiefs of staff.

The clue to Soviet plans is the massing of thousands of Chinese forced laborers to build giant airports within bombing range of Okinawa. The airports are in China's Fukien province fronting on the east China sea, and will have wide, long airstrips for planes much larger than anything operated by the Chinese Communists.

U.S. intelligence reports say that Soviet officers are directing the construction of these airfields. The Communists are also planning jet bases, one of them at Ningpo.

This information fits into the joint chiefs' estimate of Soviet plans—diversionary moves in Europe to distract our attention, but with the main punch aimed at southeast Asia and the Pacific. The Kremlin appears ready to take a chance that the American public would let Okinawa and even the Philippines fall rather than go to war.

Louey and Harry

Secretary of Defense Louis Johnson's penchant for talking off the cuff is getting him in trouble with President Truman—who also talks off the cuff.

The President complained to an old friend the other day, "Louey talks to Bernie Baruch and tells him things he doesn't tell me. I have to learn about them third hand."

The White House also learned that Secretary

Johnson gave a Pentagon visitor some secrets regarding the Navy plane shot down over the Baltic. The visitor was J. Arthur Rank, the British film magnate.

NOTE—Mr. Truman has no love for the elderly Baruch since Baruch refused to serve on a Democratic committee in the 1948 campaign.

Merry-Go-Round

Oklahoma's state CIO council has secretly voted to take no sides in the bitter battle between Sen. Elmer Thomas and Congressman Mike Monroney. This means that Senator Thomas, who usually gets the labor vote in Oklahoma, will be strictly on his own against Monroney, the man who received the Collier's award several years back for outstanding congressional service. . . . Thyge Lie, U.N. secretary-general, got a rough introduction to the iron curtain in Prague. At a so-called press conference, the Communist news stooges harangued him about the "western warmonger capitalists." When Lie protested he was not an agent of the Western powers, he was given the horse laugh. . . . Egypt is quietly recruiting an army and navy of international rovers to do battle again with Israel. Armed frigates for the Egyptian navy are being bought privately from U.S. companies. . . . Life is now so hot behind the iron curtain that a German circus, Brumbach and Barley (not Barnum and Bailey), slipped across the border into Western Europe the other night. The Brumbach circus included 90 wagons, various elephants, tigers, monkeys, and clowns, but they got across the border just the same.

House Budget Cuts Leave Something to be Desired

By Bruce Blossat

How much money would be saved under the single package \$28,901,240,165 appropriation bill approved by the House is a matter Republicans and Democrats dispute, here's serious doubt, too, whether its economy features are practical.

The measure includes two last-minute amendments the GOP House leaders say will mean a \$1,000,000,000 saving in the year starting July 1. Democratic Chairman Clarence Cannon of the Appropriations Committee calls the claim "extravagant and preposterous."

Here's what the amendments do:

One places a top limit on the amount the various departments and agencies may spend on salaries, travel, communications, printing, rent and utilities. It's an across-the-board slash, not a cut in specific budget items. Republicans predict it'll chop off \$600,000,000.

The other change would prohibit the filling of 90 per cent of federal job vacancies after July 1. The aim, of course, is to reduce gradually (and painlessly) total government personnel. A saving of \$400,000,000 is forecast.

Admittedly this is a way of cutting down without making the lawmakers wince too much. A vacancy doesn't scream out in protest as does a discharged employee.

Federal officials estimate 200,000 workers would eventually be eliminated from the payroll by this device. Some observers fear this indiscriminate method of effecting reductions might gravely impair the efficiency of some departments.

Nevertheless this plan is not without some merit, when you consider the need for economy and the politician's reluctance to authorize outright firings. Senator Douglas of Illinois, a careful student of federal economy, suggested the idea some months ago.

There's far less to be said for the other limitation. An arbitrary limit on salaries may actually compel discharges in some agencies before money-saving vacancies develop. A ceiling on travel or printing may be too liberal in one department and too severe in another.

Any agency's expenses have to be viewed as part of a whole and related to the agency's general purposes. The decision to reduce specific outlays is the job of Congress, which alone can take responsibility for the overall functioning of a department. This amendment passes the buck.

Possibly, though, proposals of this character are the best we can look for in a Congress that applies great lung power and little action to the economy problem.

Typical Callousness

After 19 months the Chinese Communists have released the two American airmen who had the misfortune to make an emergency landing in Red-held territory near Tsungtao.

Countless appeals were made to Communist authorities for their release, all to no avail until now. When the two finally were allowed to go, the Reds offered a trumped up charge of espionage as excuse for the long imprisonment.

But from this distant vantage point it looks as if the Communist regime saw in the incident another opportunity to humiliate the U. S.—and white men generally—in the Far East. Having poured it on this long, they may finally have decided the captured airmen were no further use to them.

To Reds everywhere, human beings are grist for the propaganda mills.

Can't Say He's Entrenched

A Republican has crashed the exclusive Democratic circle in Texas by getting himself elected to Congress. It's the first time since 1930 the GOP has made an effective dent in the big state.

National Republican Headquarters, of course, is seizing upon this event as "another sign of the times." A look at the figures, however, suggests a little caution in viewing the result.

Republicans normally poll about 20 per cent of the vote in the panhandle district they captured in this special election. Their vote on this occasion was about 22 per cent, a modest gain. But to opposition to Ben Guill, the GOP winner, was divided among 11 others.

It wouldn't take much of a ganging-up among Democrats this fall, when Guill's seat is on the block again, to reverse the surprising outcome.

So They Say

Insofar as I know there are no Communists in the Department of State.
—Deputy Undersecretary of State John E. Purifoy.

Abundant Living
by
E. STANLEY JONES

Rom. 15:1—2; 1:24; II Cor. 5:15; Phil. 2:4

Now we see that the three urges within us—self, sex, and the herd—must be disciplined, and must be disciplined to one thing—the Kingdom of God. Otherwise life will be like a brush heap instead of a tree. A brush heap has no central organizing principle, and hence is a decaying mass destined to the dust. A tree has an organizing principle, and its branches fit into that principle. Hence a tree is a growing organism, destined to the skies.

The self, then, must know its Master. The self as a servant to the Kingdom of God is rhythmic and harmonious and adequate; the self as a servant to itself is halting and inharmonious and inadequate; the self as a servant to itself is halting and inharmonious and incompetent—its own slave. A woman who is entirely egocentric, and who has therefore had a nervous breakdown, and is entirely miserable, said to me recently, "I spent all afternoon going from room to room before I got one to suit me, and now that I have selected one I don't like it." I gently replied "The disorder is within you—you don't like anything, because you don't like yourself." Her self was out of place on the throne, and the kingdom of her personality was in disorder.

Dr. Fritz Kunkel says "Life does not allow egocentricity to put its own order, which life regards as disorder, in place of the natural rhythm. That is why every natural capacity for accomplishments, no matter how skillfully developed, is restricted sooner or later by egocentricity. Only the objectively oriented individual is unrestricted in accomplishment because he does not come into conflict with life's demands." (Let's Be Normal! pp. 97, 98.)

The self, then, must be disciplined to die. It must die as first, in order to live as second. That is why at the center of the Kingdom is a cross. You must go through spiritually what Jesus went through physically—you must die and be buried in order to experience a resurrection into freedom and fullness of life.

O Christ—I understand. The whole meaning of life is made plain. I am to follow Thee to no trifling cross, but to this decisive cross on which I shall die—to my own futile self-will in order to live to Thy will; die to my own petty self in order to live to Thy free and strong self. Help me then from this moment to discipline my life to Thy will. Amen.

Ruth Millett
'Outside Interests' May be Pursued in Your Own Home

When women are needing "outside interests" they usually mean "outside the home." Consequently many women claim they are so tied down by housework and small children that they don't have time for any "outside interests."

But any woman has time for "outside interests" if she defines the term to mean "interests outside herself."

There are a number of women today who are tied down by home duties, yet don't feel any lack of "outside interests" because they have found interests outside themselves that they can enjoy at home.

Some women become interested in a craft, like rug weaving, and soon become local authorities in their field.

Others take up gardening, which, for those who get a thrill out of watching growing things, is one of the best of all "outside interests."

Still others find time to enjoy reading and to keep well informed on what is going on in the world. That kind of continued self-education is, of course, an outside interest, even though it is done at home.

Some Apply Latent Talents
And then there are those who decide that they would like to learn more about painting or music or literature by trying out their own talents. The woman who dabbles in oils or decides in her thirties or forties to take music lessons or to put some of the ideas in her head down on paper is busying herself with "outside interests."

And so it goes. Before you decide you haven't time for any "outside interests" and so must submit to the boredom of doing nothing but the routine tasks of the day, see if you can't figure out some "outside interest" that you can pursue right at home.

Some women have even done so well at the "outside interests" they turned to when they were tied down at home that they have turned them into a vocation when their children were older.

The Doctor Says—
Surgery Often Recommended For Enlarged Prostate Gland

BY EDWIN P. JORDAN, M. D.
Written for NEA Service

One of the penalties of growing older, with which many men are troubled, is an enlargement of the prostate gland. This organ lies near the neck or outlet of the bladder. It does not always increase in size in the middle or later years of life, but when it does difficulties with urination usually develop.

Probably the most common early sign of enlargement of the prostate is the necessity for frequency of urination. This is likely to be particularly troublesome at night and its effect in disturbing sleep can be most annoying. Another common early symptom of prostatic enlargement is delay or difficulty in beginning urination. Such symptoms as these start gradually but tend to get slowly worse.

As time goes on the bladder is never completely emptied and its wall or lining becomes thickened. The desire to urinate comes more and more frequently.

The amount of pain, urination, and local discomfort caused by enlargement of the prostate varies from person to person. There is also some danger of the development of kidney trouble because of the back pressure from the urine held in the bladder.

Sometimes—and often without apparent warning—a man with an

enlarged prostate may suddenly find that he is not able to urinate at all. Under such circumstances the bladder must be drained through a tube, called a catheter, which is placed into the bladder (or in some other manner). The symptoms of acute inability to urinate can be relieved in this way, but only temporarily.

The complications of an enlargement of the prostate gland can be serious. Those who have symptoms should not neglect them until serious harm to the kidneys or the bladder itself has been done.

Perhaps sometime a method will be discovered of preventing prostate enlargement or of treating it with hormones or drugs. Although studies along these lines have been made, at present surgery is usually the preferred method of treatment.

Several Methods
Several different and good methods of operating on the prostate gland aimed at removing some of the excess tissue and relieving the symptoms are available. Which one should be chosen depends on circumstances and the judgment of the surgeon.

Enlargement of the prostate is

The LONESOME BRIDE
By Grace Nies Fletcher
Copyright 1950 by NEA Service, Inc.

THE STORY: Gloria Brown, bride of four months, nukes Mrs. Benito Benoni, who lives in the apartment next door, to show her how to make an apple pie. During the instruction a messenger brings a hat box for Mrs. Benoni and the woman also gets a phone call from her husband about something on page 7 of a newspaper. While Gloria washes her hands, she is locked in the bathroom. Mrs. Benoni lets her out, explaining that it was an accident. But after taking her pie back to her own apartment, Gloria is still curious about what was in that newspaper.

IV
GLORIA dressed carefully, for she had a theory that even on Fifth Avenue in Brooklyn, where she shopped because things were cheaper, you got better service if you looked like something out of a fashion magazine, rather than like mother's helper. Her red and white summer dress, her white pique hat and gloves were crisp and fresh as peppermint candy.

"Good afternoon, Mrs. Brown." For the first time Eric, his golden epaulettes rattling as he opened the heavy glass door, called her by name and Gloria looked up at him, startled, as he added with humor lumbering as a capering elephant: "The Benonis are nice people, aren't they? Have you known them long?"

"Oh, eons," she told him coldly in her most Radcliffe manner and swept by with a swish of peppermint skirts. Queer, your not being visible even on the far horizon for so long and now everyone chatty at once.

"Don't look now, but your fatal charm is showing." Gloria grinned to herself as she turned the corner onto Fifth Avenue. Being one of the gang at last made her smile so radiant that its effulgence guided the face of the little newsboy selling papers on the corner and he grinned back at her.

"Piper, Miss?" There was friendliness and admiration in the frank appraisal he gave her. This was "he" real McCoy, a hot rock with class, his glance almost shouted.

"Have you an early edition of the afternoon tabloid?" she asked him.

"Cripes, at 4 in the p.m.? I'll have one printed up for you special," he told her impudently. He looked about 10 years old, with bright eyes sharp with a knowledge far beyond his years, a hard, shrewd little face, fairly clean; and yet there was an innate civility in his bearing that made his shapeless slacks, his cheap sport shirt, and his cheaper pertness somehow unimportant. There's good blood in him somewhere, Gloria thought.

"Why not try a later edition?" he queried. "Sometimes they hold things over, if it's something special you're lookin' for."

"THE trouble is, I don't know what I am looking for," she told him absently and flipped the pages of the paper to Page 7 which was mostly pictures with screaming captions. A seven-year-old boy had drowned in a pond in New Jersey with dotted lines to show where the grapplers had found the body; there was a picture of a Russian diplomat looking as if he had swallowed a sour pickle entitled, "Sour Puss Stykes State Department Again"; the Bronx love-nest of a promising man had been discovered by his wife and she was pulling the girl friend's hair; the Parole Board had released several unpronounceable and very ugly prisoners; and the Un-American Activities Committee was clucking over a new brood of Communists.

"Find what you wanted?" the newsboy queried.

"I don't know," she told him. "What's your name?"

"Sammy," he told her. "What's yours, Handsome?"

Curiously he did not sound impudent at all, just interested. "Mrs. Miltades Brown. I live at the Splendide Apartments," she told him, adding impulsively. "Here." She pressed a quarter into his grimy hand urging, "Get yourself

really a nominal accompaniment of getting older. It is not a disease, though it causes serious symptoms. It is more a sign that youth is waning than it is of illness. If old age could be prevented doubtless this difficulty also would be avoided.

* Q's and A's

Q—What was the motto on the Rattlesnake Flag?

A—One form of the Rattlesnake Flag, known as the Gadsden Flag, had a yellow field with a coiled rattlesnake in the center, under which appeared the words, "Don't Tread on Me." Benjamin Franklin is said to have devised the symbol.

Q—Has sagebrush any commercial value?

A—Some sagebrush of American semi-desert western areas provides beautiful wood for carving ornamental objects.

Q—What is the earliest date on which Easter may fall?

A—The rarest date for Easter is

March 22, the earliest date on which it can occur. It comes on this date about once every 207 years. Last time it happened was in 1818 and it will not happen again until 2263.

Q—What is distinctive about the eyes of a horse?

A—The horse has the largest eyes of any land animal except the elephant; this accounts for its excellent vision both day and night.

* Social Situations

YOU telephone a doctor at his home and his wife says he is not in but tries to find out what you want with him.

WRONG: Don't give her any information, but say you will call back later.

RIGHT: Give her the necessary information so that when the doctor telephones home he can have some idea of what calls he will have to make and what they will involve.

Q—What is the earliest date on which Easter may fall?

Trophy Award To Shops Here On Safety

Presentation by L. R. Christy at Ceremony Here

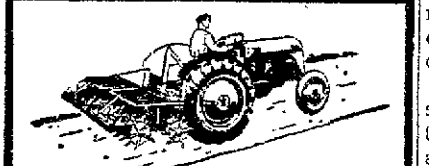

More than 1,000 employees of the Missouri Pacific shops assembled shortly after noon today to celebrate, for the second consecutive year, the awarding of the annual safety trophy for leadership in safe operation among all shops on the system.

Presentation of the trophy, a bronze plaque, was made on behalf of the management by L. R. Christy, the railroad's chief mechanical officer, and was accepted, on behalf of the shop forces by Guy D. Bailey, shop superintendent.

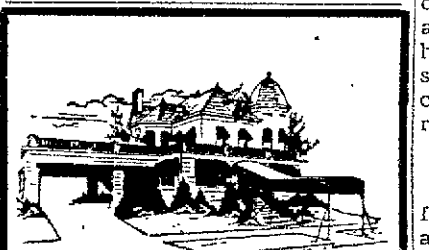

"It is a pleasure, as well as a privilege, to come here today to make this presentation to the men of the Sedalia shops," said Christy. "There is nothing that could give me greater pleasure for I know that winning such an award for the second straight time is an indication that all of you are working together, as a team, to achieve your goal. Working safely is the best habit which we can cultivate for it means not only happy working conditions but happy home conditions. I want to congratulate your wives and mothers as well, for the habit of safety starts in the home."

Appreciation Expressed
In accepting the plaque on behalf of the shop forces, Supt. Bailey expressed keen appreciation of the spirit which made it possible for the men of the Sedalia shop to go through 1949 with only three reportable injuries. "All of you are being honored today and all of us are proud and happy that we can claim to be the safest shop on the Missouri Pacific system."

Clyde W. Pace, general manager, Western district, spoke briefly and congratulated Supt. Bailey and his force for the splendid record which led to the honors.

Overcrowded At The Circus

Probably hundreds of Sedalians who attended the circus Wednesday night will agree that the next time a circus comes to town, it should present another day performance, or provide a big enough tent and seats to accommodate the circus goers.

Thursday night, all the seats under the big top of the Al Kelly and Miller Bros. circus were filled to capacity long before the performances got under way.

According to reports, the seating capacity of the circus was for 3,000 people. If that is true, then there must have been 5,000 at the circus that night, because the big tent was overpacked in the reserved and general admission seats, in addition to hundreds who sat on the ground, all around the circus rings.

A good thing about going to the circus that night was: First of all, the police blotter this morning showed no automobile accidents reported by the highway patrol, no fights or gambling, nor any pickpocketing, nor any bunions picked up on the streets, as per usual when a big circus comes to town.

The bad part about going to the circus last night was the traffic situation. Those who were fortunate enough to get to the circus early, didn't have to walk very far, as they drove cars upon the circus grounds. However, when they were ready to go home, traffic was tied up temporarily for those cars parked upon the grounds. The late arrivals were halted this side of the city limits by a slow pace of cars moving toward the circus. Many had to park a half mile or a quarter from the grounds and walk the rest of the way.

Some Sedalians who intended to go to the circus gave up in the line of traffic and kept on driving, got home and parked.

As a whole, Sedalia critics liked the circus performances and would have enjoyed it much more had they had decent places to sit down.

paid them today and pointed out that such an achievement could not have been realized without co-operation on the part of everyone.

"I think this record the Sedalia shop made during 1949 indicates that you people here know one another," declared W. H. Bailey of St. Louis, system superintendent of safety. "When we don't know one another there is always a tendency to be uninterested in what happens to the other fellow. It is our friends in whom we are interested and your record shows that all of you are friends."

L. D. Bryson, assistant superintendent of safety and a resident of Sedalia, also spoke and expressed the thought that the Sedalia record had aroused considerable interest among other railroads as well as on the Missouri Pacific and suggested that such interest could only result from curiosity as well as envy. "If you keep up like you have for the past two years," he said, "there is no reason why you can't have the safest shop on any railroad in the country."

Forfeit Overtime Parking Bonds
In police court this morning, four overtime parking bonds of a dollar each were forfeited, as was a five dollar bond, by Tom Butts, 1418 North Osage avenue, who was charged with running a red light at Main street and Ohio avenue.

No Solution Reached Thus Far on Radio Engineers' Strike

(Continued from Page One)

also refused. The union also agreed to drop its request for increased wages. If KDRO could show substantial, factual proof of its inability to meet this request, which KDRO refused to do.

"KDRO is now operating with non-union engineers at the controls."

"Outlined, as follows, are the three (3) requests of the union: "1. The wages paid the engineers at KDRO amount to \$1.50 per hour, and they request an increase of 12 1/2 cents per hour. "2. Engineers of KDRO have been receiving time and one-half for five holidays. The union is requesting double time for six holidays. "3. The union wants to eliminate from the contract that clause which could have permitted KDRO to make its engineers do all the announcing, in addition to their regular duties, on payment of an additional \$10 per week for each of the engineers."

Assign Their Reasons
"Those are the three requests of the union for the following reasons: The union wage scale in Sedalia for I.B.E.W. electricians is \$2.00 per hour for jobs of \$2,000 or less. And when the job is above that figure, the I.B.E.W. rate is \$2.25 per hour. The union has been willing to submit signed agreements with other radio stations throughout the middle west showing that KDRO pays below the mid-west average for union stations."

"As to the second request, the union has asked for double time for six holidays, or, an additional week's vacation in place of the six holidays. "In regard to the third request, this clause could result in the possible discharge of the three announcers, thereby lowering the standards of operation, also adding the fourth full time duty to the engineers. This clause can also be used as disciplinary action against anyone of the announcers or anyone of the engineers, or all of the engineers, and all of the announcers."

"These are the facts behind the strike at KDRO."

To Have High Command In Defense Need

(Continued from Page One)

relationship of various programs to defend the Atlantic area. It will recommend to governments steps to insure that coordinated plans can be carried out. It will exchange views on political matters within the scope of the treaty and promote public information on the objectives of the treaty.

In the separate announcement concerning continued American interest in European recovery after 1952, the Canadian minister of external affairs, Lester Pearson, joined the United States in expressing a wish to keep up studies of the matter in the future.

Pearson, Acheson, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman said they hoped to "proceed promptly toward finding solutions of the general economic problems which lie ahead, along lines which would eliminate conflict in their international economic policies."

The Big Three ministers also disclosed they have agreed on certain changes of policy toward Austria, but they decided to keep those changes secret for the time being. This is thought to concern a change from military to civilian rule in the western powers' occupation zones in that country.

Bothwell Hospital

Admitted for surgery: Mrs. Anna L. Haglin, 817 West Fifth street; George E. Kugler, Cross Timbers.

Dismissed: Marjorie Kelly, Knob Noster; Louisa Ann Stahl, route 1, Otterville; John R. White, Green Ridge; Garnett Van Natta, route 3, Sedalia; Betty Jo Van Natta, route 3, Sedalia; Miss Sue Cooper, Knob Noster, and Miss Rudina Priestly, 1020 West Seventh street.

Tonsillectomy: Cully Scott, LaMonte.

Bomber With 16 Crashes in Azores

SHREVEPORT, La., May 18.—(AP)—A B-29 bomber carrying 16 persons crashed in the Azores with "no survivors," Barksdale air force base announced today.

Capt. Salvatore Pelle, Barksdale public information officer, said no high-ranking officers were aboard.

The bomber was enroute to England on a routine training mission when it crashed at 8:59 p. m. (EST). Last night while landing at the Lagens air force base, Pelle said.

Auto Kills Woman; Crashes Into House

EVERETT, Mass., May 18.—(AP)—An automobile today went out of control on a steep hill, killed a woman pedestrian, injured critically its driver and then crashed into a two-family dwelling, with such force it went through the front wall into the cellar and burst into flames.

The victim was identified tentatively as Mrs. Alice Chipman, 50.

The driver was identified as Alfred Lapidus, about 45, father of three children and operator of a grocery store.

Police said the careening automobile hurled the woman about 100 feet.

Marriage Licenses Issued
Jackie Leon Phillips and Viola Doreen Brodersen, both of Florence.

Rance Hoehns and Louis Eichholz, both of Smithton.

Fred Charles Logan, Saskatoon, Canada, and Shirley Louise Lindemann of Sheboygan, Wis.

OBITUARIES

David Milburn
Mrs. A. M. Parks, 316 South Hancock avenue, received word that her great-grandson, David Milburn, 15, son of Mr. and Mrs. Dick Milburn, of Overland, Mo., died Wednesday.

His aunt, Mrs. Alta Book, 316 South Hancock avenue, will attend the funeral in Overland, Friday afternoon.

Harvey Yount
Harvey Yount, route 3, Warsaw, 43 years old, died about 1:00 o'clock this afternoon from injuries received this morning when he was believed to have been thrown from a horse.

Mr. Yount left his home about 7:30 o'clock this morning to go about four miles where he was to work and at 8:30 o'clock while listening to a radio program Mrs. Yount heard the horses return and found that they were alone. She found Mr. Yount injured about a half mile from the home, and he was brought to the Bothwell hospital about 11:30 o'clock in a critical condition and died there an hour and a half later.

Funeral of Charles Quigley

Funeral services for Charles Quigley, Sr., who died at his home in Montara, Calif., Monday will be held at 10 o'clock Friday morning at the Gillespie funeral home with the Rev. Ralph E. Hurd, pastor of the Epworth Methodist church, officiating.

Mrs. Lovercamp, and Mrs. M. O. Stevens will sing "In the Garden," and "Beautiful Isle of Somewhere." Miss Lillian Fox will be the accompanist.

Friends of the family will serve as pallbearers.

Personals

Mrs. Dorothy McGee Kells of Dallas, Tex., is visiting her parents, Mr. and Mrs. John Wood and son Robert Keith Morris, 801 North New York avenue. She is also visiting her grandmother, Mrs. Mattie Conser, 1518 South Ohio avenue.

Miss Delta Mae Dunkin, of 117 East Broadway, and Miss Christine Gorrell of route 1, Sedalia, drove to Kansas City for the day Wednesday.

Mrs. Nelle Hackler and son, Joe, Jr., and Miss Emma Lee Dixon, drove to Wadsworth, Kas., Sunday where they visited Wesley Anderson, a patient in the Veterans' hospital there.

Mr. and Mrs. Lawson McCurdy, of Dayton, Ohio, are visiting their daughters in Sedalia. Mrs. Leon Wells and Mrs. Jack Herndon, Mrs. McCurdy and Mrs. Leland Bealier have gone to the state of California to visit their sister, Mrs. John Matches.

Last Chance Offer To Tax Dodgers

WASHINGTON, May 18.—(AP)—Rep. Forand (D-Rt) proposed today that the government offer tax dodgers "one last chance" to come in and settle up—before the justice department cracks down with prosecution.

Saying he believes income tax evasion runs close to \$5,000,000,000 a year, Forand suggested that the house ways and means committee write an "amnesty" provision into the new tax bill it is now framing.

"This would bring in billions of dollars," he said.

His proposal would allow persons who have avoided their federal income tax payments to pay what they owe, plus a 50 per cent penalty, plus interest—and make a clean breast of it all. That would bar the door against criminal prosecution.

Under Forand's suggestion, a tax dodger could do this only prior to the time an investigation or prosecution was started in his case.

Auto Kills Woman; Crashes Into House

EVERETT, Mass., May 18.—(AP)—An automobile today went out of control on a steep hill, killed a woman pedestrian, injured critically its driver and then crashed into a two-family dwelling, with such force it went through the front wall into the cellar and burst into flames.

The victim was identified tentatively as Mrs. Alice Chipman, 50.

The driver was identified as Alfred Lapidus, about 45, father of three children and operator of a grocery store.

Police said the careening automobile hurled the woman about 100 feet.

Marriage Licenses Issued

Jackie Leon Phillips and Viola Doreen Brodersen, both of Florence.

Rance Hoehns and Louis Eichholz, both of Smithton.

Fred Charles Logan, Saskatoon, Canada, and Shirley Louise Lindemann of Sheboygan, Wis.

Few Wet Spots Over The Nation

There were a few wet spots, but generally, the nation's weather was fair today.

Temperatures were at normal levels in most areas. But cool weather continued in the northern Great Lakes region and it was a little cooler in the Pacific northwest.

The mercury dipped to below freezing in parts of Michigan and it was in the low 30's in parts of Northern Minnesota and Northern Wisconsin. The early morning low was 29 at Grand Marais, Mich.

The only precipitation was isolated showers over the Great Plains, the Northern Rockies and a small section of the middle Atlantic states.

Yesterday's temperature contrast was a high of 105 at Presidio, Tex., and 43 at Duluth, Minn.

The flood situation in Winnipeg and Southern Manitoba remained serious, but there was some hope of a slow drop in the flooding Red river. The stream was held steady at 12 feet above flood stage for more than 30 hours. Some 90,000 persons have been driven from their homes by the floodwaters in the last three weeks.

Court of Awards Held at School

A very impressive Court of Awards was held by Troop 28, Girl Scouts, Tuesday evening at Washington school. The Flag Ceremony was held after which Mrs. C. A. Freeberg spoke on "The Girl Scout Promise." Mrs. Leona O. Stevens will sing "In the Garden," and "Beautiful Isle of Somewhere." Miss Lillian Fox will be the accompanist.

Friends of the family will serve as pallbearers.

BIRTHS

Son, born to Mr. and Mrs. Elmer Eckhoff, Cole Camp, at 5:35 o'clock Wednesday evening at Bothwell hospital. Weight: Seven pounds, 13 ounces.

Daughter, born to Mr. and Mrs. Stanley H. Miller, 1108 South Ohio avenue, at 3:50 o'clock Wednesday afternoon at Bothwell hospital. Weight: Seven pounds, 11 ounces.

Some Changes Made in The Major Rosters

NEW YORK, May 18.—(AP)—Major league baseball clubs girded for the long summer run today after stripping down to regular playing weight—the 25-man limit.

Last hour maneuvers to beat the midnight deadline saw a number of significant roster changes, none quite as unique as that of the New York Giants.

Leo Durocher's Giants, struggling to get out of the second division, were left with four third basemen and a pair of inexperienced catchers.

In the biggest move of the day, a three-way shuffle, the Giants bought third baseman Johnny Jorgensen from the Brooklyn Dodgers and sold veteran catcher Ray Mueller to the Pittsburgh Pirates.

Jorgensen immediately runs in to a lot of competition for the hot corner spot. Other Giant third basemen on hand are Jack Lokke, Bill Rigney and Hank Thompson.

Un-Seasoned Batsmen

Behind the bat Durocher was left with Wes Westrum and Sam Calderone, neither a seasoned performer.

No price was disclosed in the Jorgensen deal. To make room for the new employee, the Giants sold the 38-year old Mueller to the Pirates for "more than the \$10,000 waiver price."

The Pirates got down by optioning pitcher John McCall to their Indianapolis farm club in the American Association.

The day's most feverish activity took place in the front office of the Cleveland Indians.

The Indians decided to ship infielder Johnny Berardino to San Diego of the Pacific Coast League on 24-hour option. Another infielder, first baseman Herb Conyers, was sent along on the same terms.

Here were the other last day changes:

New York Giants—Asked waivers on outfielder Mike McCormick. St. Louis Cardinals—Sent outfielder Johnny Blatnik to Houston on 24-hour recall.

Chicago Cubs—Optioned catcher Carl Sawalski to Nashville on 24-hour recall.

Cincinnati Reds—Sent pitcher Kent Peterson to Syracuse of the International League.

St. Louis Browns—Gave third baseman Frank Gustine his unconditional release.

Detroit Tigers—Sold first baseman Paul Campbell to Toledo for an unannounced sum.

To South Seas 'Never to Return'

ST. LOUIS, May 18.—(AP)—Two men with a desire for a simpler way of life planned to leave today on a battered old sloop for the South Seas, never to return.

They haven't decided on their ultimate destination, but plan to make a stop on the island of Rapa, about 700 miles south of Tahiti.

The adventurers are Edward Dean Allison, 32, and Arne Husleien Jorgensen, 24, a Norwegian seaman. Allison, who operated a photo studio here for several years, said their only resolution was to make it a one-way trip and never return to the United States.

They met in the Philippines in 1948 and decided the best way of life would be to acquire a boat and sail out of civilization, Allison said. Both served in the merchant marine.

The two men acquired a half-century-old sloop, the Marchioness, in Chicago and brought it to St. Louis a few days ago. They will sail it down the Mississippi to New Orleans.

Snead to Defend Western Crown

LOS ANGELES, May 18.—(AP)—The \$15,000 Western Open golf championship starts a four-day run today with the defending champion, Sam Snead, unanimously elected the man to beat for the \$2,600 winner's purse.

Presented Ring On Anniversary

E. E. Shirley, Forty-second street and Grand avenue, is today observing his 20th anniversary with the Prudential Life insurance company, having the same territory, which is in south-central Sedalia, for the entire time.

Mr. Shirley started to work for the Prudential company on May 19, 1930, and for his faithful service the company presented him today with a diamond ring.

Woodland Hospital

Dismissed: Norton Batchelder, route 2, Hughesville; Mrs. Nora Hammond, 918 East Fifth street, and Dr. H. O. Wilbur, 1001 West Third street, who will resume duties at his office Monday.

Slight Gains on Stock Market

By William D. Morgan
NEW YORK, May 18.—(AP)—The stock market finished a labored advance with gains of fractions to around a point today.

Final prices were trifle under the best of the day in some cases. Yesterday the market climbed to a new 4-year high in the morning but settled back in late trading.

Radio-television issues were hardest hit.

Aside from the oils, buying was on a highly selective basis.

Moderately active trading developed, with turnover at a rate of around 1,800,000 shares for the full session.

Oils appeared to be influenced by prospects of better earnings, a theory based on higher gasoline prices and expectations of high demand for fuel oil this fall and winter.

Higher prices were paid for Standard Oil (NJ), Sinclair, Richfield Oil, Houston Oil, Gulf Oil, General Motors, U. S. Rubber, Sylvania, Emerson Radio, Admiral Corp., American Telephone, Dow Chemical, Du Pont, International Paper, Santa Fe, and U. S. Gypsum.

Aircrafts failed their troubles. Losses running to a point or so appeared for Douglas, United, Boeing, and Lockheed.

Corporate bonds were steady.
